

///MAKE WAVES!

To Whom It May Concern:

I am pleased to write this letter of recommendation for Bryant Banks. As Bryant's teacher at Gulf Shores High School, I have had the opportunity to see him develop into a responsible, hardworking, and dependable young man. He is a student who understands the importance of commitment, teamwork, and taking responsibility for his actions.

Bryant has demonstrated a strong work ethic both in and out of the classroom. He has maintained a solid academic record while participating in multiple sports, including baseball, football, and golf, and has been on the Honor Roll since eighth grade. He is also a member of the National Honor Society. His ability to balance academics, athletics, employment, and community involvement speaks to his time-management skills and determination.

One of Bryant's greatest strengths is his willingness to work and learn. His work experiences have provided him with opportunities to develop practical skills and learn from professionals in different fields. As an electrical apprentice, he wired houses, pulled wire, and participated in service calls. He also worked at Gulf Shores Golf Club, where he was responsible for maintaining carts, cleaning the driving range, and helping open and close the course. In his current position at Lulu's, he provides customer service while handling a variety of responsibilities.

Bryant has also demonstrated an interest in engineering and skilled trades. During a recent opportunity to shadow a mechanical engineer, he learned about the fabrication and operation of heat exchangers and worked with CAD drawings. His willingness to explore career possibilities and learn hands-on skills demonstrates curiosity, initiative, and a desire to understand how things work. Beyond academics and employment, Bryant has been actively involved in his school and community. As a Student Council Representative, he helped organize pep rallies, worked with the National Honor Society on a fundraising tournament, communicated student concerns to administrators, and helped organize a canned food drive. He has also volunteered with Unified Basketball and Miracle League Baseball, where he helped and coached students with special needs. Through Gulf Shores Gives Back, he has helped improve community fields, walked elementary students to school, and participated in beach cleanups.

I believe Bryant's greatest qualities are his dependability, adaptability, integrity, and strong work ethic. He is not afraid to work hard, learn something new, or take on responsibility. His experiences in athletics, employment, leadership, and community service have helped him become a well-rounded young man who understands the value of being part of a team and contributing to something larger than himself.

Bryant's resume describes him as motivated, responsible, adaptable, and eager to embrace new opportunities and achieve long-term goals. Those qualities are evident in the variety of experiences he has pursued throughout high school.

I am confident that Bryant will bring his strong work ethic, willingness to learn, and commitment to others to his future endeavors. I highly recommend him and believe he will be a positive addition to any college, program, or organization fortunate enough to have him.

Sincerely,

Wendy A. Jones
