ArchiveK (Update)

Twice finally [appeared](#) in the last episode of ArchiveK, here a quick synopsis of Twice part by our previous Twice News companion, Drhcc:

"JYP was talking about how important it was for his 2nd gen groups to have foreign members so as to make interviews and promotions abroad easier. This then lead into TWICE and the 4 foreign members MoSaMiTzu! They talked about their casting stories - how Sana was with her friends when a JYPE employee approached her about joining the company; how Momo was casted from a dance video; how Tzuyu was also casted from a dance video. The korean members talked a little bit about meeting and working with the foreign trainees for the first time. Sana mentioned how she and Momo took 3 years of Korean classes. Then they talked about Twice's huge impact in Japan, with TT going absolutely viral. They talked about how multiple japanese celebrities did the TT pose. They talked about TT appearing on Tokyo Tower. Sana mentioned how amazing it was to see TT on Tokyo Tower, a structure that she's always seen as a kid. Dahyun also mentioned that Sana cried when she saw it. They then talked about the massive success of the Dome Tour. The captions mentioned how meaningful it must've been for Momo, Sana, and Mina to perform in some of the most prestigious venues in their home country."
