

Thank you for your interest in connecting with RG Michigan!

[Resource Generation](#) is a community of young people with wealth and/or class privilege organizing for economic justice. We redistribute personal & inherited wealth to movements and solidarity economy work—while using our social capital to support economic justice campaigns.

In Michigan, we have been organizing for several years, primarily in Detroit and Washtenaw County. In 2022, we decided to combine our Ann Arbor and Detroit chapters and launch work across the state.

Wondering if RG is for you? We organize 18-35 year olds with access to wealth who are among the richest top 10% of individuals or families in the U.S. Check out resourcegeneration.org/who-should-join-rg/ to learn more.

What are our core activities/areas of work?

- **Praxis:** 8-month cohorts of 6-8 RGeners where they define their values and build a redistribution plan, while learning about the socioeconomic systems that drive economic inequality and wealth hoarding. We typically run 1 to 2 praxis cohorts a year. [Express your interest in a Praxis cohort!](#)
- **Partnerships:** We build relationships with organizations in the area (at a pace of 1 per year for the time being) to resource their work with redistributed wealth. We build our capacity as fundraisers and learn about the work of our partners as we build our partnership. Our current chapter partners are:
 - [Peace House Ypsi](#)
 - [Rent is Too Damn High Coalition](#)Previously, we also partnered with the Transforming Power Fund.

- **Campus Organizing:** Over half of the undergraduate students at University of Michigan - Ann Arbor are RG constituents (come from the top 10%). On March 28, 2025 we hosted a Solidarity Economy conference at the University of Michigan School of Social Work, in partnership with [the Ginsberg Center](#). We met with student groups and held events in partnership with academic units to build momentum, recruit conference co-organizers, and establish longer-term relationships.
- **Campaigns:** In 2023, we joined the [Fund MI Future](#) campaign. Through this coalition, we can advocate for a graduated income tax in Michigan and build our knowledge about how tax evasion and regressive taxation policies can promote wealth hoarding.
- **Mutual Aid:** We share mutual aid asks and offerings in our Signal chat and encourage members to be active in cross-class spaces.

What is our chapter's size and scope?

RG Michigan is considered a medium-sized chapter in the RG Ecosystem, with around 30 dues-paying members. Members attend quarterly meetings and organize events for the chapter and with partners.

Our chapter is characterized by mostly wealthy people without very much access to their wealth or without very high incomes—so we focus a lot on family organizing. We have a few High Net Wealth members and a few members who grew up working class or middle class but are now in the top 10%. We have a few members who are both wealthy and have high incomes. We are prioritizing relational organizing that expands our multiracial membership.

What are the opportunities for involvement in the next 6 months?

- **MI PROGRAMMING** - Join Praxis - a cohort that meets monthly for 8 months to create redistribution plans. We're currently recruiting for a Detroit Praxis group starting in the Spring. Express your interest [[HERE](#)].
- *2026 Kickoff Retreat ! Jan 31st in Ann Arbor - 1 pm - 6 pm.*
