

Name of the course: Pharmacology II(TH)

Course Code:BP503T

Semester:V

Class: T.Y B.Pharm

After completion of course students will be able to

CO	Course Outcomes
BP503TCO1	Discuss the relative pros and cons in the use of drugs for various cardiac complications.
BP503TCO2	Clarify the drugs acting on hematopoietic system, shock, diuretics and anti-diuretics.
BP503TCO3	Identify the role of autotoxins and related drugs.
BP503TCO4	Analyze and summarize the drugs acting on endocrine system.
BP503TCO5	Evaluate the physiological role of sex hormones and to assess the effects of oral contraceptives and drugs acting on the uterus also to predict principles of bioassay for various compounds

Co-PO mapping Justification

Name of the course: Pharmacology II

Course Code: BP503T

Semester: V

Class: T.Y.B.Pharm

CO No.	PO's Mapped	Level	Justification
BP503T C01	PO1	3	Strongly mapped as Student can gain accurate pharmacy knowledge when they study pros and cons of drugs acting on CVS.
	PO2	1	Slightly mapped there may be least development of planning ability and skills
	PO3	1	Slightly mapped as there may be least development of problem analysis skills
	PO4	2	Moderately mapped as there is usage of modern tool while studying CV compliations
	PO5	1	Slightly mapped there may be least development of leadership skills
	PO6	3	Strongly mapped as Detailed study of drugs acting on CVS highly reflect professional identity as a pharmacist
	PO7	3	Strongly mapped as Ethical principles should be followed while dispensing drugs to patient
	PO8	2	Moderately mapped as communication skills are developed in students during seminar,group discussion.
	PO9	2	Moderately mapped as Health safety issues should be considered while dispensing drugs acting on CVS
	PO10	1	Slightly mapped as use of these drugs slightly affect environmental contexts
	PO11	3	Strongly mapped as Lifelong learning highly achievable
BP503T C02	PO 1	3	Strongly mapped as Student can gain accurate pharmacy knowledge when they drugs acting on haematopoetic system
	PO2	2	Moderately mapped as there may be moderate development of planning ability and skills while studying CO2
	PO 3	1	Slightly mapped as there may be least development of problem analysis skills
	PO 4	2	Moderately mapped as there is usage of modern tool while studying anti diuretics and diuretics
	PO5	1	Slightly mapped there may be least development of leadership skills
	PO6	3	Strongly mapped as Detailed study of drugs acting on haemopoetic system highly reflect professional identity as a pharmacist

	PO7	3	Strongly mapped as Ethical principles should be followed while dispensing drugs to patient
	PO8	2	Moderately mapped as communication skills are developed in students during seminar,group discussion.
	PO 9	2	Moderately mapped as Health safety issues should be considered while dispensing drugs acting on haematopoietic system
	PO10	1	Slightly mapped as use of these drugs slightly affect environmental contexts
	PO 11	3	Strongly mapped as lifelong learning is highly achievable
BP503T C03	PO1	3	Strongly mapped as Student can gain accurate pharmacy knowledge when they study autocoids and related drugs
	PO2	2	Moderately mapped as there may be moderate development of planning ability and skills while studying autocoids,NSAID
	PO3	1	Slightly mapped as there may be least development of problem analysis skills
	PO 4	1	Slightly mapped as there is least usage of modern tool while studying autocoids
	PO5	1	Slightly mapped as there may be least development of leadership skills
	PO6	3	Strongly mapped as detailed study of autocoids highly reflect professional identity as a pharmacist
	PO7	3	Strongly mapped as Ethical principles should be followed while dispensing drugs to patient
	PO8	2	Moderately mapped as communication skills are developed in students during seminar,group discussion.
	PO9	2	Moderately mapped as health safety issues should be considered while dispensing drugs like NSAID
	PO10	1	Slightly mapped as use of these drugs slightly affect environmental contexts
	PO11	3	Strongly mapped as lifelong learning is highly achievable
BP504T C04			
	PO1	3	Strongly mapped as Student can gain accurate pharmacy knowledge when they study drugs acting on endocrine system
	PO2	2	Moderately mapped as there may be moderate development of planning ability and skills while studying endocrine system
	PO 3	1	Slightly mapped as there may be least usage of modern tool while studying hormones
	PO 4	1	Slightly mapped as There may be least usage of modern tool while studying anti diuretics and diuretics
	PO 5	1	Slightly mapped as there may be least development of leadership skills
	PO 6	2	Strongly mapped as detailed study of hormones reflect professional identity as a pharmacist
	PO 7	1	Slightly mapped as ethical principles should be followed while dispensing drugs to patient
	PO8	2	Moderately mapped as communication skills are developed in students during seminar,group discussion.
	PO 9	2	Moderately mapped as Health safety issues should be considered while dispensing drugs acting on endocrine system

	PO10	1	Slightly mapped as use of these drugs slightly affect environmental contexts
	PO 11	3	Strongly mapped as lifelong learning is highly achievable
BP503T C05	PO 1	3	Strongly mapped as Student can gain accurate pharmacy knowledge when they drugs acting on endocrine system
	PO 2	2	Moderately mapped as there may be least development of planning ability and skills
	PO 3	1	Slightly mapped as there may be least development of problem analysis skills
	PO 4	1	Slightly mapped as There may be least usage of modern tool while studying anti diuretics and diuretics
	PO5	1	Slightly mapped there may be least development of leadership skills
	PO 6	3	Strongly mapped as detailed study of oral contraceptives reflect professional identity as a pharmacist
	PO 7	3	Slightly mapped as ethical principles should be followed while dispensing drugs to patient
	PO8	2	Moderately mapped as communication skills are developed in students during seminar,group discussion.
	PO 9	2	Moderately mapped as Health safety issues should be considered while dispensing oral contraceptives
	PO10	1	Slightly mapped as use of these drugs slightly affect environmental contexts
	PO 11	3	Strongly mapped as lifelong learning is highly achievable
