# ✨ The Gallery: Photo Studio Rentals

*All of our studios are hand-crafted sanctuaries, built from thrifted gems across Chicago and antique treasures brought home from Italy. Each space is inspired by Venus, the goddess of beauty, designed to honor your power, sensuality, and creative spirit.*

*When you book a session at The Gallery, it's more than a photoshoot—it's a ritual. We believe every person deserves to be seen, adored, and celebrated. Step into our world, and we'll help you channel your inner muse, treating yourself like the royalty you are.*

*Stepping into these rooms is an invitation to be surrounded by pretty items, just like a true renaissance painting.*

## ☀️ SIENNA — The Golden Day Room 3 people

Inspired by Fleetwood Mac's *Vintage Years* record, this room is perfect for natural portraits, lifestyle shoots, and airy editorials that glow with nostalgia.
