December is one of the busiest months for all of us. The hustle and bustle of the holidays, holiday knitting and crochet, opening our Advent calendars and so many other fun and festive happenings. We know you're busy but you may still be making and want to make the best use of your time and maybe of those shiny new mini skeins, so for this month's Interception we want you to make a cozy.

What's a cozy? For our purposes we're going to use this definition:

“A cozy is anything that encloses an inanimate object" You can knit, crochet or tunesian crochet your project. Use a pattern, perhaps one by Natalie to get an extra entry, or get creative and make one up. Use any weight of yarn... the sky's the limit!

Cozy ideas:

- Teapot cozy, mug cozy, jar cozy, headphone cozy, tape measure cozy. So many options!

Check out Natalie's patterns for ideas- Ravelry Link.
