

5th Grade Families,

On Thursday, September 17, the 5th grade class will be attending the Norman Borlaug Fall Inspire Day in Cresco. Luther College students will create lessons for the 5<sup>th</sup> graders on a wide range of science/history/global topics while infusing Norman Borlaug's story and legacy. Other presenters include our local NRCS office who will have an environmental lesson on the prairie that connects the two farms. The Iowa Corn Biofuels Mobile Education Trailer will also be there to talk about corn and soybeans and their many uses. Always a favorite is their Outreach Food Packaging where all the 5<sup>th</sup> graders will be able to package food for children in Tanzania, Africa. Students will leave the middle school around 8:00am and they will be back to school by 3:00pm. This will not affect your normal bussing schedule. Students will fill out a Google Form where they can let us know if they will need a school sack lunch or if they are bringing their own lunch. Please check in with your student to see what they chose so they come prepared. This is going to be such a neat opportunity for our 5th grade students. Please reach out to Mrs. Bullerman if you have any questions or concerns. Thank you.

Renee Bullerman
