1.20 – Student Handbook Acknowledgment

The student/parent handbook was developed as a guide for students and parents and to answer commonly asked questions that come up during the course of a school year. Our goal is to create a positive educational atmosphere of learning where rules are enforced firmly, fairly, and consistently to all students. We ask that you familiarize yourself with this handbook by reading it thoroughly. In order to help keep the school safe, students will be held accountable for the information and behavior expectations as outlined in this handbook. The student/parent handbook and school district policies may be amended during the year and that such changes are available on the school district website at www.d45.org.

1.30 – General School Information

1.40 – Visitors

All visitors, including parents and siblings, are required to enter through Door #1 and proceed immediately to the main office. Visitors should identify themselves and inform office personnel of their reason for being at school.

For the safety and security of students, all visitors, including parents, are required to check in at the school office, provide a valid Illinois State ID, and be run through our District 45 Raptor system if they wish to enter the building. All visitors must wear a Visitor's Pass that is visible to staff while in the building. Visitors are required to proceed immediately to their location in a quiet manner. All visitors must return to the main office and sign out before leaving the school.

Any person wishing to confer with a staff member should contact that staff member to make an appointment. Teachers can be reached via email to schedule an appointment.

Visitors are expected to abide by all school rules during their time on school property. A visitor who fails to conduct himself or herself in a manner that is appropriate will be asked to leave and may be subject to criminal penalties for trespass and/or disruptive behavior.

Any parent/guardian who is deaf or does not typically communicate using spoken English or speaks another language as their primary language is entitled to the services of an interpreter for multi-disciplinary team meetings, 504 meetings, or IEP meetings.

The School District expects mutual respect, civility, and orderly conduct among all people on school property or at a school event. No person on school property or at a school event shall perform any of the following acts:

1. Strike, injure, threaten, harass, or intimidate a staff member, School Board member, sports official or coach, or any other person.
2. Behave in an unsportsmanlike manner or use vulgar or obscene language.
3. Unless specifically permitted by state law, possess a weapon, any object that can reasonably be considered a weapon or looks like a weapon, or any dangerous device.
4. Damage or threaten to damage another's property.
5. Damage or deface school property.
6. Violate any Illinois law or municipal, local or county ordinance.
7. Smoke or otherwise use tobacco products.
8. Distribute, consume, use, possess, or be impaired by or under the influence of an alcoholic beverage, cannabis, other lawful product, or illegal drug.
9. Be present when the person's alcoholic beverage, cannabis, other lawful product, or illegal drug consumption is detectable, regardless of when and/or where the use occurred.
10. Use or possess medical cannabis, unless he or she has complied Illinois' Compassionate Use of Medical Cannabis Act and district policies.
11. Impede, delay, disrupt, or otherwise interfere with any school activity or function (including using cellular phones in a disruptive manner).
12. Enter upon any portion of school premises at any time for purposes other than those that are lawful and authorized by the School Board.
13. Operate a motor vehicle: (a) in a risky manner, (b) in excess of 20 miles per hour, or (c) in violation of an authorized district employee's directive.
14. Engage in any risky behavior, including roller-blading, roller-skating, or skateboarding.
15. Violate other District policies or regulations, or a directive from an authorized security officer or District employee.

16. Engage in any conduct that interferes with, disrupts, or adversely affects the District or a school function.

Any person who engages in prohibited conduct may be ejected from or denied admission to school property in accordance with State law. The person may also be subject to being denied admission to school athletic or extracurricular events for up to one calendar year.

1.50 – Equal Educational Opportunities and Sex Equity

Equal educational and extracurricular opportunities are available to all students without regard to race, color, national origin, sex, sexual orientation, gender identity, ancestry, age, religion, physical or mental disability, status as homeless, immigration status, order of protection status, military status, unfavorable military discharge, reproductive health decisions, or actual or potential marital or parental status, including pregnancy.

No student shall, based on sex, sexual orientation, or gender identity be denied equal access to programs, activities, services, or benefits or be limited in the exercise of any right, privilege, advantage, or denied equal access to educational and extracurricular programs and activities.

Any student or parent/guardian with a sex equity or equal opportunity concern should contact:

Annetta Spychalski, Assistant Superintendent for Human Resources
aspychalski@d45.org or (630) 516-7887

Any student may file a sex discrimination complaint under the District's Title IX Grievance Procedure.

Any student may file a sex equity complaint under the District's Uniform Grievance Procedure. A student may appeal the Board's decision to the Regional Superintendent and, thereafter, to the State Superintendent of Education.

1.60 – Animals on School Property

In order to assure student health and safety, animals are not allowed on school property, except in the case of a service animal accompanying a student or other individual with a documented disability. This rule may be temporarily waived by the building principal in the case of an educational opportunity for students, provided that (a) the animal is appropriately housed, humanely cared for, and properly handled, and (b) students will not be exposed to a dangerous animal or an unhealthy environment.

1.70 – School Volunteers

All regular school volunteers must complete the "Volunteer Information Form" and be approved by the building principal prior to assisting at the school. Forms are available in the school office. Visitors/volunteers will be screened prior to interacting with students. Some teachers utilize parent volunteers in the classroom. The individual teachers make this decision. Teachers who desire parent volunteers will notify parents. For school-wide volunteer opportunities, please contact the building principal. Volunteers are required to check in and out at the main office and receive a visitor badge before going to their destination.

1.80 – Gifts

Should families want to acknowledge an occasion in their child's life, only non food items are eligible to be distributed in the classroom. This must be arranged in advance with the classroom teacher and there must be enough items to include every student in the class. Parents should refrain from sending any gifts or deliveries to their child during the school day (ie. flowers, balloons).

1.85 – Treats and Snacks

No food items should be distributed unless donations are specifically requested by the school team for a classroom or building event. In that case, the food items requested would need to be prepackaged individual servings that are pre-approved by the nurse.

1.90 – Emergency School Closings

School closings for any reason will be announced via district wide phone calls, email, District 45 website: www.d45.org, and school social media accounts. If bad weather or other emergency occurs during the day, please listen to local media stations for possible early dismissal information.

For your child's safety, make certain your child knows ahead of time where to go in case of an early dismissal. If we dismiss early for an emergency, all after-school functions are automatically canceled.

1.100 – Video and Audio Monitoring Systems

A video and/or audio monitoring system may be in use on school busses and a video monitoring system may be in use in public areas of the school building. These systems have been put in place to protect students, staff, visitors and school property. If a discipline problem is captured on audiotape or videotape, these recordings may be used as the basis for imposing student discipline. If criminal actions are recorded, a copy of the tape may be provided to law enforcement personnel.

1.110 – Accommodating Individuals with Disabilities

Individuals with disabilities will be provided an opportunity to participate in all school-sponsored services, programs, or activities. Individuals with disabilities should notify the superintendent or building principal if they have a disability that will require special assistance or services and, if so, what services are required. This notification should occur as far in advance as possible of the school-sponsored function, program, or meeting.

1.120 – Students with Allergies

State law requires our school district to annually inform parents of students with life-threatening allergies or life-threatening chronic illnesses of the applicable provisions of Section 504 of the Rehabilitation Act of 1973 and other applicable federal statutes, state statutes, federal regulations and state rules.

If your student has a life-threatening allergy or life-threatening chronic illness, please notify the building health office at (630) 516-7588.

Federal law protects students from discrimination due to a disability that substantially limits a major life activity. If your student has a qualifying disability, an individualized Section 504 Plan will be developed and implemented to

provide the needed support so that your student can access his or her education as effectively as students without disabilities.

Not all students with life-threatening allergies and life-threatening chronic illnesses may be eligible under Section 504. Our school district also may be able to appropriately meet a student's needs through other means.

No latex balloons or latex products are allowed on school property.

1.130 – Care of Students with Diabetes

If your child has diabetes and requires assistance with managing this condition while at school and school functions, a Diabetes Care Plan must be submitted to the school nurse. Parents/guardians are responsible for and must:

- A. Inform the school in a timely manner of any change which needs to be made to the Diabetes Care Plan on file with the school for their child.
- B. Inform the school in a timely manner of any changes to their emergency contact numbers or contact numbers of health care providers.
- C. Sign the Diabetes Care Plan.
- D. Grant consent for and authorize designated School District representatives to communicate directly with the health care provider whose instructions are included in the Diabetes Care Plan.

For further information, please contact the health office at (630) 516-7384.

1.140 – Suicide and Depression Awareness and Prevention

Youth suicide impacts the safety of the school environment. It also affects the school community, diminishing the ability of surviving students to learn and the school's ability to educate. Suicide and depression awareness and prevention are important goals of the school district.

The school district maintains student and parent resources on suicide and depression awareness and prevention. Much of this information, including a copy of the school district's policy, is posted on the school district website. Please see Policy 7:290. Information can also be obtained from the school office.

1.160 – Parent Organizations and Booster Clubs

Parent organizations and booster clubs are invaluable resources to the District's schools. While parent organizations and booster clubs have no administrative authority and cannot determine District policy, the School Board welcomes their suggestions and assistance.

Parent organizations and booster clubs may be recognized by the Board and permitted to use the District's name, a District school's name, or a District school's team name, or any logo attributable to the District provided they first receive the Superintendent or designee's express written consent. Consent to use one of the above-mentioned names or logos will generally be granted if the organization or club has by-laws containing the following:

1. The organization's or club's name and purpose, such as, to enhance students' educational experiences, to help meet educational needs of students, to provide extra athletic benefits to students, to assist specific sports teams or academic clubs through financial support, or to enrich extracurricular activities.
2. The rules and procedures under which it operates.

3. An agreement to adhere to all Board policies and administrative procedures.
4. A statement that membership is open and unrestricted, meaning that membership is open to all parents/guardians of students enrolled in the school, District staff, and community members.
5. A statement that the District is not, and will not be, responsible for the organization's or club's business or the conduct of its members, including on any organization or club websites or social media accounts.
6. An agreement to maintain and protect its own finances.
7. A recognition that money given to a school cannot be earmarked for any particular expense. Booster clubs may make recommendations, but cash or other valuable consideration must be given to the District to use at its discretion. The Board's legal obligation to comply with Title IX by providing equal athletic opportunity for members of both genders will supersede an organization or club's recommendation.

Permission to use one of the above-mentioned names or logos may be rescinded at any time and does not constitute permission to act as the District's representative. At no time does the District accept responsibility for the actions of any parent organization or booster club regardless of whether it was recognized and/or permitted to use any of the above-mentioned names or logos. The Superintendent shall designate an administrative staff member to serve as the recognized liaison to parent organizations or booster clubs. The liaison will serve as a resource person and provide information about school programs, resources, policies, problems, concerns, and emerging issues. Building staff will be encouraged to participate in the organizations.

1.170 - Student Appearance

A student's appearance, including dress and hygiene, must not disrupt the educational process or compromise standards of health and safety. The school does not prohibit hairstyles historically associated with race, ethnicity, or hair texture, including, but not limited to, protective hairstyles such as braids, locks, and twists. The school will not prohibit students from wearing or accessorizing the student's graduation attire with items associated with the student's cultural, ethnic, or religious identity or any other protected characteristic or category identified in the Illinois Human Rights Act. Students who disrupt the educational process or compromise standards of health and safety must modify their appearance.

1.180 - Awareness and Prevention of Child Sexual Abuse, Grooming Behaviors, and Boundary Violations

Child sexual abuse, grooming behaviors, and boundary violations harm students, their parent/guardian, the District's environment, its school communities, and the community at large, while diminishing a student's ability to learn.

Prohibited grooming is defined as (i) any act, including but not limited to, any verbal, nonverbal, written, or electronic communication or physical activity, (ii) by an employee with direct contact with a student, (iii) that is directed toward or with a student to establish a romantic or sexual relationship with the student. 1.185 - Faith’s Law Notifications

Employee Conduct Standards

School districts are required to include in their student handbook the District’s Employee Code of Professional Conduct. These standards, in part, define appropriate conduct between school employees and students. A copy of these standards can be found on the District’s website or requested from the Superintendent’s office.

1.190 - Prevention of Anaphylaxis

While it is not possible for the School or District to completely eliminate the risks of an anaphylactic emergency, the District maintains a comprehensive policy on anaphylaxis prevention, response, and management in order to reduce these risks and provide accommodations and proper treatment for anaphylactic reactions. Parent(s)/guardian(s)

and students who desire more information or who want a copy of the District’s policy may contact the Building Principal.

1.200 - Sexual Abuse Response and Prevention Resource Guide

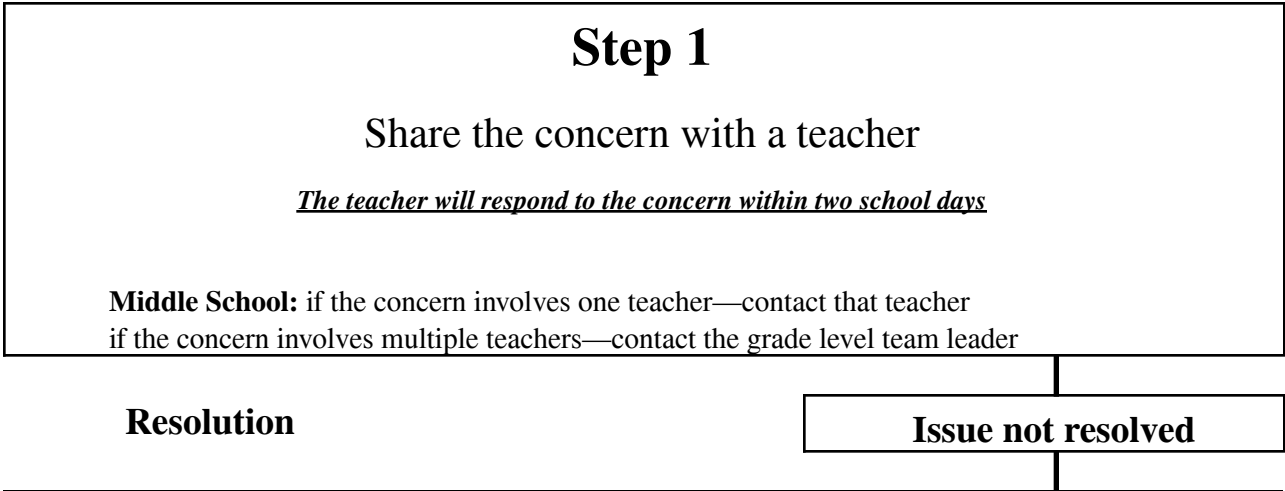

The Illinois State Board of Education (ISBE) maintains a resource guide on sexual abuse response and prevention. The guide contains information on and the location of children’s advocacy centers, organizations that provide medical evaluations and treatment to victims of child sexual abuse, organizations that provide mental health evaluations and services to victims and families of victims of child sexual abuse, and organizations that offer legal assistance to and provide advocacy on behalf of victims of child sexual abuse. This guide can be accessed through the ISBE website at www.isbe.net or you may request a copy of this guide by contacting the school’s office.

1.230 - How to Get Help with a Concern in School District 45

The priority in District 45 is to provide each student with an outstanding education in a safe, nurturing environment every day of the school year. This is best accomplished when there is clear communication between the school community and home.

During the school year, there may be times when a parent or guardian needs to contact a District staff member with a concern. The goal of this document is to outline a clear communication pathway for a parent or guardian to follow in order to receive help with his or her concern.

The starting point or first step on the District 45 communication pathway is to share the concern with a teacher. **The teacher must respond to the parent or guardian within two school days of the initial contact.** The chart below shares the first 2 steps in the District’s communication pathway that will lead to both the amicable and successful resolution of each concern.

Step 2

Share the concern with the Principal/Assistant Principal

The Building Administrator will respond to the concern within two school days

CHAPTER 2 – ATTENDANCE, PROMOTION & GRADUATION

2.10 – Attendance

Illinois law requires that whoever has custody or control of any child between six (by September 1st) and seventeen years of age shall assure that the child attends school in the district in which he or she resides, during the entire time school is in session (unless the child has already graduated from high school). Illinois law also requires that whoever has custody or control of a child who is enrolled in the school, regardless of the child's age, shall assure that the child attends school during the entire time school is in session.

2.20 – Student Absences

District 45's educational program is built on the premise that regular attendance and punctuality are vital to a student's success in school. Seeing that a student maintains regular attendance and punctuality requires a cooperative effort by the student, parent(s) or guardian(s) and school personnel. (Board Policy 7:70)

Subject to specific requirements in State law, the following children are not required to attend public school: (1) any child attending a private school (including a home school) or parochial school, (2) any child who is physically or mentally unable to attend school (including a pregnant student suffering medical complications as certified by her physician), (3) any child lawfully and necessarily employed, (4) any child over 12 and under 14 years of age while in confirmation classes, (5) any child absent because of religious reasons, including to observe a religious holiday, for religious instruction, or because his or her religion forbids secular activity on a particular day(s) or time of day, and (6) any child 16 years of age or older who is employed and is enrolled in a graduation incentives program.

For students who are required to attend school there are two types of absences: excused and unexcused. Excused absences include: illness (including up to 5 days per school year for mental or behavioral health of the student), attendance at a verified medical or therapeutic appointment (including a victim services provider), observance of a religious holiday or event, death in the immediate family, family emergency, situations beyond the control of the student as determined by the school board, circumstances that cause reasonable concern to the parent/guardian for the student's mental, emotional, or physical health or safety, attending a military honors funeral to sound TAPS, attend a civic event, or other reason as approved by the building principal. For students who are parents, expectant parents, or victims of domestic or sexual violence, an excused absence includes the fulfillment of a parenting responsibility and addressing circumstances resulting from domestic or sexual violence. Students eligible to vote are also excused for up to two hours to vote in a primary, special, or general election.

Additionally, a student will be excused for up to 5 days in cases where the student's parent/guardian is an active duty member of the uniformed services and has been called to duty for, is on leave from, or has immediately returned from deployment to a combat zone or combat-support postings. The Board of Education, in its discretion, may excuse a student for additional days relative to such leave or deployment. The student and the student's parent/guardian are responsible for obtaining assignments from the student's teachers prior to any excused absences and for ensuring that such assignments are completed by the student prior to his or her return to school. Students who are excused from school will be given a reasonable timeframe to make up missed homework and classwork assignments. All other absences are considered unexcused. Pre-arranged excused absences must be approved by the building principal.

The school may require documentation explaining the reason for the student's absence.

In the event of any absence, the student's parent/guardian is required to call the school at (630) 516-7370 before 8:30 a.m. to explain the reason for the absence. If a call has not been made to the school on the day of a student's absence, a school official will call the home to inquire why the student is not at school. If the parent/guardian cannot be contacted, the student will be required to submit a signed note from the parent/guardian explaining the reason for the absence. Failure to do so shall result in an unexcused absence. Upon request of the parent/guardian, the reason for an absence will be kept confidential.

Following any absence, it is the student's responsibility to inquire about missed assignments and to complete all work.

Participation in Extracurricular Activities & Events: A student must be in attendance for the five or more periods of the school day in order to participate in a Jackson extracurricular activity or event. Students with extenuating circumstances may be allowed to participate with proper documentation of valid cause with administrator approval.

Excessive Absence

Absenteeism is considered excessive when the absences amount to 5% of the school year (nine days out of a 180 day school year) or the absences significantly interfere with a student's learning, as reflected in academic performance or social development. Excessive absenteeism includes excessive tardiness. Students who have been absent for more than 5% (nine days) will be required to submit written verification of the student's future absences due to illness from a licensed physician. If no medical verification is provided, the absence becomes unexcused and considered as truancy, which may be referred to the DuPage Regional Office of Education for follow-up.

Tardiness

Tardiness to school is considered excused only in emergency situations. Students who are tardy to school must first report to the main office. Excessive tardiness to school will also be considered as truancy. Students with excessive tardies to school may be considered for further attendance interventions.

Vacations

Vacations are considered **unexcused** absences. District 45 discourages parents or guardians from taking vacations during periods when school is in session. Written assignments covering such vacation periods will be provided only if such can be provided without substantial additional time by the classroom teacher, as determined by the classroom teacher in consultation with the building principal.

Mental Health Days

Diagnostic Procedures for Identifying Student Absences and Support Services to Truant or Chronically Truant Students

State law requires every school district to collect and review its chronic absence data and determine what systems of support and resources are needed to engage chronically absent students and their families to encourage the habit of daily attendance and promote success. This review must include an analysis of chronic absence data from each attendance center.

Furthermore, State law provides that school districts are encouraged to provide a system of support to students who are at risk of reaching or exceeding chronic absence levels with strategies and are also encouraged to make resources available to families such as those available through the State Board of Education's Family Engagement Framework to support and engage students and their families to encourage heightened school engagement and improved daily school attendance.

"Chronic absence" means absences that total 10% or more of school days of the most recent academic school year, including absences with and without valid cause, and out-of-school suspensions.

The School and District use the following diagnostic procedures for identifying the causes of unexcused student absences: Interviews with the student, his or her parent/guardian and any school officials who may have information about the reasons for the student's attendance problems. Supportive services to truant or chronically truant students include: parent conferences, student counseling, family counseling, and information about existing community services.

2.30 – Release Time for Religious Instruction and Observance

A student will be released from school, as an excused absence, to observe a religious holiday or for religious instruction. The student's parent/guardian must give written notice to the building principal prior to the student's anticipated absence(s).

Students excused for religious reasons will be given an opportunity to make up all missed work, including homework and tests, for equivalent academic credit.

2.40 – Make-Up Work

If a student's absence is excused or if a student is suspended from school, he/she will be permitted to make up all missed work, including homework and tests, for equivalent academic credit.

2.50 – Truancy

Student attendance is critical to the learning process. Truancy is therefore a serious issue and will be dealt with in a serious manner by the school and district.

Students who regularly miss days without valid cause (a recognized excuse) are truant. Students who miss 5% or more of the prior 180 regular school days without valid cause are chronic truants. Students who are chronic truants will be offered support services and resources aimed at correcting the truancy issue.

If chronic truancy persists after support services and other resources are made available, the school and district will take further action, including:

- Referral to the DuPage County Regional Office of Education
- Reporting to officials under the Juvenile Court Act
- Referral to the State's Attorney
- Appropriate school discipline

A student who misses 10 consecutive days of school without valid cause and who cannot be located or, after exhausting all available support services, cannot be compelled to return to school will be dropped from current enrollment.

A parent or guardian who knowingly and willfully permits a child to be truant is in violation of State law.

2.60 – Grading

School report cards for grades 1-8 are issued to students on a quarterly basis. Kindergarten report cards are issued by semester. For questions regarding grades, please contact the classroom teacher.

2.70 – Homework

Homework provides practice that reinforces the content learned in the classroom and is an essential part of student success. Homework provides opportunities for independent study, research and creative thinking. Students should utilize the assignment notebook to document homework, projects, tests, and other important due dates. Parents can support their student by regularly checking the assignment notebook and reviewing their child's completed work.

STUDENTS' RESPONSIBILITIES

- Get the assignment and ask for help if the assignment is not clear.
- Bring your assignment notebook to class and copy all assignments, carefully record due dates, etc.
- Set a time and quiet place, each day, to do homework.
- Check work, and if possible, explain it to an adult.
- Maintain the highest quality of work on assignments.
- Take home all necessary resources, such as packets, textbooks, notes, study guides, and supplies.
- Bring completed homework to school when it is due, and turn it into the appropriate teacher.
- Be responsible for asking for assignments when absent from school.
- Be responsible for taking care of, and returning, any borrowed resource materials.

PARENTS' RESPONSIBILITIES

- Check your child's folder/assignment notebook nightly for homework completion.
- Make sure all assignments and materials are returned to school by their due dates.

- Promote a positive attitude toward homework as part of the learning process.
- Understand and reinforce expectations for the quality of student work.
- Provide a quiet area and tools needed to help your child organize and complete homework.
- Be available to provide supervision and support, but do not do the assignment.
- Understand the amount of assistance appropriate for homework assignments.
- Communicate often with your child and his/her teacher, giving feedback to the teacher when there is a concern.

2.80 – Exemption From PE Requirement

In order to be excused from participation in physical education, a student must present an appropriate excuse from his or her parent/guardian or from a person licensed under the Medical Practice Act. Parents may write an excusal note for up to three days. Longer excusals may be based on medical or religious prohibitions. An excuse because of medical reasons must include a signed statement from a person licensed under the Medical Practice Act that corroborates the medical reason for the request. Excusal notes from a person licensed under the Medical Practice Act must include a start and end date for the excusal period. An excuse based on religious reasons must include a signed statement from a member of the clergy that corroborates the religious reason for the request. Upon written notice from a student's parent/guardian, a student will be excused from engaging in the physical activity components of physical education during a period of religious fasting.

Students with an Individualized Education Program may also be excused from physical education courses for reasons stated in Handbook Procedure 10.30

State law prohibits the School District from honoring parental excuses based upon a student's participation in athletic training, activities, or competitions conducted outside the auspices of the School District.

Students who have been excused from physical education shall return to the course as soon as practical. The following considerations will be used to determine when a student shall return to a physical education course:

1. The time of year when the student's participation ceases; and
2. The student's class schedule.

2.90 – Credit for Proficiency, Non-District Experiences, Course Substitutions and Accelerated Placement

Credit for Non-District Experiences

The District does not grant graduation credit for learning experiences that an enrolled student does not complete through the District.

Accelerated Placement

The District provides an Accelerated Placement for qualified students. It provides students with an educational setting with curriculum options that are usually reserved for students who are older or in higher grades than the student. Accelerated placement includes but may not be limited to: early entrance to kindergarten or first grade, accelerating a student in a single subject and grade acceleration. Participation is open to all students who demonstrate high ability and who may benefit from accelerated placement. It is not limited to students who have been identified as gifted or talented. Please contact the building principal for additional information.

2.100 – Home and Hospital Instruction

A student who is absent from school, or whose physician, physician assistant or licensed advance practice registered nurse anticipates his or her absence from school, because of a medical condition may be eligible for instruction in the student's home or hospital.

Appropriate educational services from qualified staff will begin no later than five school days after receiving a written statement from a physician, physician assistant, or licensed advanced practice registered nurse. Instructional or related services for a student receiving special education services will be determined by the student's individualized education program.

A student who is unable to attend school because of pregnancy or pregnancy-related conditions, the fulfillment of parenting obligations related to the health of the child, or health and safety concerns arising from domestic or sexual violence will be provided home instruction under the following circumstances:

1. Before the birth of the child when the student's physician, physician assistant, or advanced practice registered nurse indicates, in writing, that she is medically unable to attend regular classroom instruction.
2. For up to three months after the child's birth or a miscarriage.
3. When a student must care for his or her ill child if:
 - a. The child's physician, physician assistant, or advanced practice registered nurse informs the school, in writing, that the child has a serious health condition that would require the student to be absent from school for two or more consecutive weeks; and
 - b. The student or the student's parent/guardian informs the school, in writing, that the student needs to care for the child during this period.
4. The student must treat physical or mental health complications or address safety concerns arising from domestic or sexual violence when a health care provider or an employee of the student's domestic or sexual violence organization informs the school in writing that the care is needed by the student and will cause the student's absence from school for two or more consecutive weeks.

The school may reassess home instruction provided to a student under No. 3 or No. 4 every two months to determine the student's continuing need for home instruction.

Periodic conferences will be held between appropriate school personnel, parent(s)/guardian(s), and hospital staff to coordinate course work and facilitate a student's return to school.

For information on home or hospital instruction, contact: Mrs. Neighbors at 630-516-7384.

2.130 - Complaints About Curriculum, Instructional Materials, and Programs

Parents or guardians have the right to inspect all instructional materials used as a part of their child's education. If you believe that curriculum, instructional materials, or programs violate rights guaranteed by any law or Board policy, you may file a complaint under the District's uniform grievance policy.

Parents or guardians with other suggestions or complaints about curriculum, instructional materials, or programs should complete a Curriculum Objection Form, which is available from the school office. A parent or guardian may also request that their child be exempt from using a particular instructional material or program by completing a Curriculum Objection Form.

CHAPTER 3 – STUDENT FEES AND MEAL COSTS

3.10 – Fees, Fines & Charges; Waiver of Student Fees

The Board of Education establishes fees and charges to fund certain school activities. Students will not be denied the opportunity to participate in curricular and extracurricular programs of the school district due to the inability of their parent or guardian to pay fees or certain charges. Students whose parent or guardian is unable to afford student fees may receive a fee waiver. A fee waiver applies to all fees related to school, instruction, and extracurricular activities.

Applications for fee waivers may be obtained from the school office and may be submitted by a parent or guardian of a student who has been assessed a fee. As student is eligible for a fee waiver if at least one of the following prerequisites is met:

1. The student currently lives in a household that meets the same income guidelines, with the same limits based on household size, that are used for the federal free meals programs;
2. The student's parent is a veteran or active-duty military personnel with income at or below 200% of the federal poverty line;
3. The student is homeless, as defined by the Mc-Kinney-Vento Homeless Assistance Act.

The business office will give additional consideration where one or more of the following factors are present:

- An illness in the family;
- Unusual expenses such as fire, flood, storm damage, etc.;
- Unemployment;
- Emergency situations; or
- When one or more of the parents/guardians are involved in a work stoppage.

The business office will notify the parent/guardian promptly as to whether the fee waiver request has been granted or denied. Questions regarding the fee waiver application process or an appeal of the District's decision to deny a fee waiver should be addressed to the business office at (630) 516-7700.

If a student receiving a fee waiver is found to be no longer eligible during the school year, the business office shall notify the student's parent/guardian and charge the student a prorated amount based upon the number of school days remaining in the school year.

Pursuant to the Hunger-Free Students' Bill of Rights Act, the school is required to provide a federally reimbursable meal or snack to a student who requests one, regardless of whether the student has the ability to pay for the meal or snack or owes money for earlier meals or snacks. Students may not be provided with an alternative meal or snack and the school is prohibited from publicly identifying or stigmatizing a student who cannot pay for or owes money for a meal or snack.

Fines for loss or damage to school property are waived for students who meet certain eligibility guidelines.

Questions regarding the fee waiver application process should be addressed to the business office at (630) 516-7700.

3.15 – Vandalism

The school district may seek restitution from students and their parents/guardians for vandalism or other students acts that cause damage to school property.

3.20 – School Lunch Program

Good nutrition shall be promoted in the District's meal programs and in other food and beverages that are sold to students during the school day. The Superintendent shall manage a food service program that complies with this policy and is in alignment with the Board of Education policy on School Wellness. Parents are discouraged from dropping off lunches from outside vendors, including birthday lunches.

Food or beverage items sold to students as part of a reimbursable meal under federal law must follow the nutrition standards specified in the U.S. Dept. of Agriculture rules that implement the National School Lunch and Child Nutrition Acts. Schools being reimbursed for meals under these laws are participating schools.

All District 45 schools will be offering the Community Eligibility Provision (CEP). The CEP is an alternative to collecting, approving, and verifying household eligibility applications for free and reduced-price eligible students in local educational agencies (LEAs) or schools participating in the National School Lunch and School Breakfast Programs.

All students enrolled in District 45 are eligible to receive a healthy breakfast and lunch at school at no charge to their household each day of this school year. All students will be able to participate in the meal program without having to pay a fee or submit an application regardless of their economic status.

WHAT IS INCLUDED IN A MEAL?

Meat or Meat Alternative

Grains/Bread

Vegetables

Fruit

Fat-Free or 1% Milk

Students must take 3-5 of the components listed above and must include at least 1/2 cup fruit or vegetable.

A fruit and veggie bar is offered everyday at all schools.

Breakfast is available every school day from 7:45-8:15am. Lunch is served every school day from 11:15 to 12:15p.m. Lunch times may be adjusted on early dismissal days.

CHAPTER 4 – TRANSPORTATION, PARKING, ARRIVAL & DISMISSAL

4.10 – Bus Transportation

The district provides bus transportation to and from school for all students living 1.5 miles or more from the school and/or across a road determined to be hazardous. A list of bus stops will be available in the school office and during registration. Students are not permitted to ride a bus other than the bus to which they are assigned. Exceptions must be approved in advance by the building principal.

While students are on the bus, they are under the supervision of the bus driver. In most cases, bus behavior concerns can be handled by the bus driver. In the case of a written disciplinary referral, student bus problems will be investigated and handled by the building administration.

Students are expected to follow all school rules while on the bus. Students may be suspended from riding the school bus for up to 10 consecutive school days for violating school rules or for engaging in other gross disobedience or misconduct. The school board may suspend the student from riding the school bus for a period in excess of 10 days for safety reasons. The district's regular suspension procedures shall be used to suspend a student's privilege to ride a school bus.

A student who is suspended from riding the school bus and who does not have alternative transportation to school shall be allowed the opportunity to make up all missed work for equivalent academic credit. It is the responsibility of the student's parent or guardian to notify the school that the student does not have alternative transportation to school.

In the interest of the student's safety and in compliance with State law, students are also expected to observe the following:

1. Dress properly for the weather. Make sure all drawstrings, ties, straps, etc. on all clothing, backpacks and other items, are shortened or removed to lessen the likelihood of them getting caught in bus doors, railings or aisles.
2. Arrive on time at the bus stop, and stay away from the street while waiting for the bus.
3. Stay away from the bus until it stops completely and the driver signals you to board. Enter in a single file without pushing. Always use the handrail.
4. Take a seat right away and remain seated facing forward. Keep your hands, arms, and head inside the bus.
5. Talk quietly on the bus. No shouting or creating loud noises that may distract the driver.
6. Tablets, iPods®, iPads®, smart phones, and other electronic devices must be silenced on the bus and kept in the student's backpack
7. Help keep the bus neat and clean. Keep belongings out of the aisle and away from emergency exits. Eating and drinking are not allowed on the bus.
8. Always listen to the driver's instructions. Be courteous to the driver and other students. Sit with your hands to yourself and avoid making noises that would distract the driver or bother other passengers. Remain seated, keeping your hands, arms, and head inside the bus at all times.
9. Wait until the bus pulls to a complete stop before standing up. Use the handrail when exiting the bus.
10. Stay out of the danger zone next to the bus where the driver may have difficulty seeing you. Take five giant steps away from the bus and out of the danger zone, until you can see the driver and the driver sees you. Never crawl under a bus.
11. If you must cross the street after you get off the bus, wait for the driver's signal and then cross in front of the bus. Cross the street only after checking both ways for traffic.
12. Never run back to the bus, even if you dropped or forgot something.

Video and audio cameras may be active on busses to record student conduct and may be used for the purposes of investigation into misconduct or accidents on the bus.

For questions regarding school transportation issues, contact: Debbie Kolnick at (630) 516-7393.

4.15 – Bus Conduct

Students are expected to follow all schools when riding the school bus. A student may be suspended from riding the bus for up to 10 consecutive school days for engaging in gross disobedience or misconduct, including but not limited to, the following:

1. Violating any school rule or school district policy.
2. Willful injury or threat of injury to a bus driver or to another rider.
3. Willful and/or repeated defacement of the bus.
4. Repeated use of profanity.
5. Repeated willful disobedience of a directive from a bus driver or other supervisor.
6. Such other behavior as the building principal deems to threaten the safe operation of the bus and/or its occupants.

If a student is suspended from riding the bus for gross disobedience or misconduct on a bus, the School Board may suspend the student from riding the school bus for a period in excess of 10 days for safety reasons. A student suspended from riding the bus who does not have alternate transportation to school shall have the opportunity to complete or make up work for equivalent academic credit. It shall be the responsibility of the student's parent or guardian to notify the school that the student does not have alternate transportation.

4.20 – Parking

The school has a visitor spot, located in the front of the school, available for those that need to access the school during the school day.

Please help protect all of our students as they enter and leave school. In cooperation with the Villa Park Police Department, the PTA Safety and Traffic Committee, and Ardmore's staff, we would like to share the following:

 - If you want to watch your child walk into school, please park your car in an approved area.
- Orange cones indicate:
 - Single cone – beginning or end of drop off (No Parking) areas

- Staggered cones – no stopping, standing or parking areas
- The school parking lot is for buses and staff only.
 - Please do not enter the parking lot when dropping off/picking up.
 - When walking, the crosswalks and sidewalk should be used.
 - Students should not cross through the parking lot.
- At all times, please use these designated parking spots appropriately:
 - 15 minute visitor parking space
 - Handicap parking space

Please review the linked [Ardmore Map](#) for more information about parking and pick-up and drop off.

Vehicles MAY NOT be parked or located in the bus lanes, driveways, or fire lanes at ANY TIME. Bus lanes and fire lanes are clearly marked. Vehicles located in these locations may be ticketed and/or towed by the police. Our goal is the safety of our students. Your cooperation is greatly appreciated.

However, problems should be reported to the school at the time they are noticed. Once students have entered the campus students must walk their bike.

Skateboards are not allowed in school.

In accordance with Public Act 103-0899, students under the age of 18 are not permitted to ride an electric scooter to school.

4.50 - Inclement Weather

Students will not spend extended time outdoors (arrival, recess, etc) during inclement weather circumstances. The following guidelines will be used to determine if alterations should be made:

1. WARM Weather:
 - Official Heat Advisory - Students indoors
 2. COLD Weather
 - Above 15°F - Principal discretion based on conditions *
 - Below 15°F (with or without windchill) - Students indoors
- * Elementary schools holding recess will consider the following conditions::
- **Precipitation:** snow and icy conditions should be evaluated for student safety
 - **Student preparedness:** students should have appropriate outdoor attire to stay warm and dry during recess.
 - **Playground Safety:** the playground equipment and surface should be evaluated to determine whether students can play safely.

“With or without wind chill” means how cold it feels, whether it is caused by wind chill or not. For example, if the straight temperature reading is 10 degrees or if it’s 20 degrees with a wind chill of 10 degrees, recess will be held indoors.

4.60 – Outside Beverages

Students should finish any Starbucks/McDonalds/Dunkin/Refreshers/Energy Drinks and/or coffee prior to entering the building at arrival or returning from an appointment. Students should not have these types of drinks at school in their lockers or classrooms. Water bottles, Stanley and the like are permitted in classrooms (containing water only) to keep students hydrated.

CHAPTER 5 – HEALTH AND SAFETY

5.10 – Immunization, Health, Eye & Dental Examination

Required Health Examinations and Immunizations

All students are required to present appropriate proof of a health examination and the immunizations against, and screenings for, preventable communicable diseases within one year prior to:

1. Entering preschool
2. Entering kindergarten or the first grade;
3. Entering the sixth and ninth grades; and
4. Enrolling in an Illinois school for the first time, regardless of the student’s grade.

Proof of immunization against meningococcal disease is required for students in grades 6 and 12. A diabetes screening must be included as part of the health exam (though diabetes testing is not required). Students between the age of one and seven must provide a statement from a physician assuring that the student was “risk-assessed” or screened for lead poisoning. Beginning with the 2017-2018 school year, an age-appropriate developmental screening and an age-appropriate social and emotional screening are required parts of each health examination. Failure to comply with the above requirements by October 15 of the current school year will result in the student’s exclusion from school until the required health forms are presented to the school, subject to certain exceptions. A student will not be excluded from school due to his or her parent/guardian’s failure to obtain a developmental screening or a social and emotional screening.

New students who register mid-term have 30 days following registration to comply with the health examination and immunization requirements. If a medical reason prevents a student from receiving a required immunization by October 15, the student must present, by October 15, an immunization schedule and a statement of the medical reasons causing the delay. The schedule and statement of medical reasons must be signed by an appropriate medical professional.

Eye Examination

All students entering kindergarten or the school for the first time must present proof by October 15 of the current school year of an eye examination performed within one year. Failure to present proof by October 15, allows the school to hold the student's report card until the student presents: (1) proof of a completed eye examination, or (2) that an eye examination will take place within 60 days after October 15.

Dental Examination

All students entering kindergarten, second, sixth and ninth grades must present proof by May 15 of the current school year of having been examined by a licensed dentist within the last 18 months. Failure to present proof allows the school to hold the child's report card until the student presents: (1) proof of a completed dental examination, or (2) that a dental examination will take place within 60 days after May 15.

Exemptions

A student will be exempted from the above requirements for:

1. Medical grounds if the student's parent/guardian presents to the building principal a signed statement explaining the objection;
2. Religious grounds if the student's parent/guardian presents to the building principal a completed Certificate of Religious Exemption;
3. Health examination or immunization requirements on medical grounds if a physician provides written verification;
4. Eye examination requirement if the student's parent/guardian shows an undue burden or lack of access to a physician licensed to practice medicine in all of its branches who provides eye examinations or a licensed optometrist; or
5. Dental examination requirement if the student's parent/guardian shows an undue burden or a lack of access to a dentist.

5.20 – Student Medication

Taking medication during school hours or during school-related activities is prohibited unless it is necessary for a student's health and well-being. When a student's licensed health care provider and parent/guardian believe that it is necessary for the student to take a medication during school hours or school-related activities, the parent/guardian must request that the school dispense the medication to the child by completing a "School Medication Authorization Form."

No school or district employee is allowed to administer to any student, or supervise a student's self-administration of, any prescription or non-prescription medication until a completed and signed School Medication Authorization Form is submitted by the student's parent/guardian. No student is allowed to possess or consume any prescription or non-prescription medication on school grounds or at a school-related function other than as provided for in this procedure.

Self-Administration of Medication

A student may possess and self-administer an epinephrine injector (e.g., EpiPen®) and/or an asthma inhaler or medication prescribed for use at the student's discretion, provided the student's parent/guardian has completed and signed a School Medication Authorization Form.

Students who are diabetic may possess and/or self-administer diabetic testing supplies, equipment, and insulin if authorized by the student's diabetes care plan, which must be on file with the school.

Students with epilepsy may possess and/or self-administer supplies, equipment and medication, if authorized by the student's seizure action plan, which must be on file with the school.

Students may self-administer (but not possess on their person) other medications required under a qualified plan, provided the student's parent/guardian has completed and signed a School Medication Authorization Form.

The school district shall incur no liability, except for willful and wanton conduct, as a result of any injury arising from a student's self-administration of medication, including asthma medication or epinephrine injectors, or medication required under a qualifying plan. A student's parent/guardian must indemnify and hold harmless the school district and its employees and agents, against any claims, except a claim based on willful and wanton conduct, arising out of a student's self-administration of an epinephrine injector, asthma medication, and/or a medication required under a qualifying plan.

Administration of Medical Cannabis

In accordance with the Compassionate Use of Medical Cannabis Program, qualifying students are allowed to utilize medical cannabis infused products while at school and school events. Please contact the building principal for additional information. Discipline of a student for being administered a product by a designated caregiver pursuant to this procedure is prohibited. The district may not deny a student attendance at a school solely because he or she requires administration of the product during school hours.

Undesignated Medications

The school may maintain the following undesignated prescription medications for emergency use: (1) Asthma medication; (2) Epinephrine injectors; (3) Opioid antagonists; and (4) Glucagon. No one, including without limitation, parents/guardians of students, should rely on the school or district for the availability of undesignated medication. This procedure does not guarantee the availability of undesignated medications. Students and their parents/guardians should consult their own physician regarding these medication(s).

Emergency Aid to Students

Nothing in this policy shall prohibit any school employee from providing emergency assistance to students, including administering medication.

Emergency Contact Information

Parents are responsible for providing up-to-date emergency contact information in PowerSchool. It is very important that any changes be reported to the school office.

5.30 – Guidance & Counseling

From time to time, students may need some assistance with academic, social, or emotional concerns associated with growing up. It is the purpose of the school social worker to help students make the best of the school experience. Parents may consult with the school social worker by telephone, email, or by setting up an appointment for an individual or team conference.

There is also a school psychologist on staff who will work with a limited number of students individually or in groups and is available for parents as well.

5.40 – Safety, Security and Crisis Management

All District operations, including the education program, shall be conducted in a manner that will promote the safety and security of everyone on District property, including pupils, staff, and visitors. The Superintendent or designee shall develop, implement, and maintain a comprehensive District 45 emergency operation plan that includes, without limitation:

1. Provisions for the development of building-specific emergency operation plans and crisis management plans addressing prevention, preparation, response, and recovery for each school in order to ensure adequate preparedness for emergencies and crises;
2. Provisions for a coordinated effort with local law enforcement and fire officials, emergency medical services personnel, and the Board Attorney;
3. A school safety drill plan;
4. Instruction in safe bus riding practices; and
5. A clear, rapid, factual, and coordinated system of internal and external communication.

All District and building level administrators and the Director of Buildings and Grounds shall receive a copy of the District-level emergency operation plan. The District-level emergency operation plan, and related protocols and procedures will be reviewed and updated annually. This review will be conducted by the Assistant Superintendent for Finance who will act as the District-level Safety Program Coordinator.

During every academic year, each school building that houses school children shall conduct, at a minimum, each of the following in accordance with the School Safety Drill Act:

1. Three school **Evacuation** drills;
2. One **Bus Evacuation** drill;
3. One **Severe Weather, Hold-In-Place and Teach**, and **Secure Building and Teach** drills; and
4. One **Run, Hide, Fight** drill which must be conducted specifically to address a school shooting incident and to evaluate the preparedness of school personnel and students. This drill shall occur no later than 90 days after the first day of school of each year, and shall require the participation of all school personnel and students present at school at the time of the drill, except for those exempted by administrators or school support personnel. The drill will be announced in advance and a student's parent/guardian may elect to exclude their child from participating in this drill.

The requisite run, hide, fight drill shall be conducted according to District 45's Comprehensive Emergency Operation Plan.

The Superintendent or designee is authorized, consistent with state law, to close school(s) in the event of hazardous weather or other emergency that threatens the safety of students, staff members, or school property.

5.50 – Communicable Disease

The school will observe recommendations of the Illinois Department of Public Health regarding communicable diseases. District 45 is required to report students with certain communicable diseases to the Dupage County Health Department.

1. Parents are required to notify the school nurse if they suspect their child has a communicable disease.
2. In certain cases, students with a communicable disease may be excluded from school or sent home from school following notification of the parent or guardian.
3. The school will provide written instructions to the parent and guardian regarding appropriate treatment for the communicable disease.
4. A student excluded because of a communicable disease will be permitted to return to school only when the parent or guardian brings to the school a letter from the student's doctor stating that the student is no longer contagious or at risk of spreading the communicable disease.

5.60 – Head Lice

The school will provide written instructions to parents or guardians regarding appropriate treatment for the infestation.

5.70 – Targeted School Violence Prevention Program

Threats and acts of targeted school violence harm the District's environment and school community, diminishing students' ability to learn and a school's ability to educate. Providing students and staff with access to a safe and secure environment is an important goal of the School and District. While it is not possible to completely eliminate threats, the School and District maintain a Targeted School Violence Prevention Program and a Threat Assessment Team to reduce these risks to its environment.

Parents/guardians and students are encouraged to report any expressed threats or behaviors that may represent a threat to the community, School, or self. Reports can be made to any school administrator, law enforcement authorities, or the Safe2Help Illinois helpline (www.safe2helpil.com/).

Students and parents are urged to participate in behavioral threat assessment and intervention programs if the Behavioral Threat Assessment Team believes that intervention is necessary to prevent a student from harming themselves or others. However, if for some reason there is a reluctance to participate in the process by the threat maker(s) or parent/guardian(s), the threat assessment process will continue in order to ensure a safe and caring learning environment for all.

For further information, please contact the Building Principal.

5.80 – Students Who are Parents, Expectant Parents, or Victims of Domestic or Sexual Violence

Domestic and sexual violence affect a student's ability to learn. Students who are parents or expectant parents have unique needs. Providing support services that enable students who are parents, expectant parents, or victims of domestic or sexual violence (Article 26A Students) to succeed in school are important school and district goals and are required by law.

Requesting Support Services

To facilitate the full participation of Article 26A Students, the school district provides in-school support services and information regarding non-school-based support services. Article 26A Students are also able to make up work missed on account of circumstances related to their status as a parent, expectant parent, or victim of domestic or sexual violence.

In-school support services include, but are not limited to, enabling a student to meet with counselors or others service providers, excusing the student from class as necessary for circumstances consistent with their Article 26A status, and assisting students with the development of a student success plan.

An Article 26A Student and/or their parent/guardian may request a complete copy of the District's policies related to Article 26A Students and information on support services by contacting the Article 26A Resource Person listed below.

Filing a Complaint

An Article 26A Student and/or their parent/guardian may file a complaint for violations of this procedure with the Nondiscrimination Coordinator, Title IX Coordinator, Building Principal, Assistant Building Principal, Dean of Students, a Complaint Manager, or any employee with whom the person is comfortable speaking.

CHAPTER 6 – DISCIPLINE AND CONDUCT

6.10 – General Building Conduct

Classes run between 8:10 a.m. and 2:30 p.m. daily. Students that are not involved in a before school activities shall not arrive on school campus before 7:45 a.m.

District 45 students are expected to exhibit appropriate school behavior. Problem behaviors are categorized into minor and major offenses. Students who violate the expectations may receive a minor or major Student Behavior Report (SBR) and be subject to appropriate disciplinary actions. D45 schools implement Multi-Tiered Systems of Supports (MTSS), which includes behavior support interventions for eligible students.

6.20 – School Dress Code

Students are encouraged to dress in a manner that reflects their individuality and self-expression, that is also appropriate in an educational setting. Students are to use discretion in their dress and are not permitted to wear apparel that causes a substantial disruption in the school environment. The District 45 dress code/student appearance policy will be implemented in a way that ensures equitable access and avoids the marginalization of any student based on race, sex, gender identity, gender expression, sexual orientation, ethnicity, religion, cultural observance, household income, or body type/size. The District does not prohibit hairstyles historically associated with race, ethnicity, hair texture, or any other protected classes under Board policy 7:10.

- Students must wear clothing that covers the following with opaque fabric: genitals, buttocks, breasts, nipples, and undergarments (excluding waistbands and straps). Coverage includes when students stretch, walk, sit, bend, etc. The clothing fabric must be appropriate for weather and class activities.
- Students' tops are required to have straps.
- Students may wear religious/cultural headwear - Including but not limited to headscarves, hijabs, burkas, do-rags, and bandanas.
- Student dress (including accessories) may not advertise, promote, or picture alcoholic beverages, illegal drugs, drug paraphernalia, violent behavior, or other inappropriate images.
- Student dress (including accessories) may not display lewd, vulgar, obscene, or offensive language or symbols, including gang symbols.
- Student dress (including accessories) may not display any message which debases religion or the dignity of groups or individuals.
- Student appearance, including clothing and footwear, must permit the student to participate in the learning environment without posing a risk to the health or safety of any student or school district personnel.
- Student footwear must have a solid sole and be appropriate for outdoor use under all weather conditions. Socks/slippers/house shoes do not promote safety in the event of an emergency and will not be permitted.
- Students wishing to wear outerwear during the day must not cause a disruption to the learning environment. Students may not wear items not deemed as clothing items including blankets, etc.

No list of dress and appearance guidelines for students can be written that will anticipate all potential dress and appearance extremes. In the case of questionable dress or appearance that is not specifically covered in the list above, the administration will make the final decision. Appropriate action will be taken at that time, and when necessary, contact will be made seeking parental/guardian cooperation and assistance.

Unless otherwise banned under this policy or by the building principal, all cellular phones, smartphones and other electronic devices must be kept powered-off and out-of-sight during the regular school day unless: (a) the supervising teacher grants permission; (b) use of the device is provided in a student's individualized education program (IEP); (c) it is used during the student's lunch period; or (d) it is needed in an emergency that threatens the safety of students, staff, or other individuals.
 7. Using or possessing a laser pointer unless under a staff member's direct supervision and in the context of instruction.

21. Making an explicit threat on an Internet website against a school employee, a student, or any school-related personnel if the Internet website through which the threat was made is a site that was accessible within the school at the time the threat was made or was available to third parties who worked or studied within the school grounds at the time the threat was made, and the threat could be reasonably interpreted as threatening to the safety and security of the threatened individual because of his or her duties or employment status or status as a student inside the school.

24. Students are prohibited from selling food or other items at school.

For purposes of these rules, the term "possession" includes having control, custody, or care, currently or in the past, of an object or substance, including situations in which the item is: (a) on the student's person; (b) contained in another item belonging to, or under the control of, the student, such as in the student's clothing, backpack, or

automobile; (c) in a school's student locker, desk, or other school property; (d) at any location on school property or at a school-sponsored event; or (e) in the case of drugs and alcohol, substances ingested by the person.

Efforts, including the use of positive interventions and supports shall be made to deter students, while at school or a school-related event, from engaging in aggressive behavior that may reasonably produce physical or psychological harm to someone else.

No disciplinary action shall be taken against any student that is based totally or in part on the refusal of the student's parent/guardian to administer or consent to the administration of psychotropic or psychostimulant medication to the student.

Student Behavior Reports - SBR

Student behavior reports can be issued to students for exhibiting minor and/or major behaviors in the classroom, hall, cafeteria, bus, or other school supervised areas. Disciplinary consequences will be issued to students on a case-by-case basis. A student is subject to disciplinary action for engaging in prohibited student conduct whenever the student's conduct is reasonably related to school or school activities. Depending upon the severity and/or frequency of the behavior, an in-school or out-of-school suspension may be imposed.

When and Where Conduct Rules Apply

The grounds for disciplinary action also apply whenever the student's conduct is reasonably related to school or school activities, including but not limited to:

1. On, or within sight of, school grounds before, during, or after school hours or at any time;
2. Off school grounds at a school-sponsored activity or event, or any activity or event that bears a reasonable relationship to school;
3. Traveling to or from school or a school activity, function, or event;
4. Anywhere, if the conduct interferes with, disrupts, or adversely affects the school environment, school operations, or an educational function, including but not limited to, conduct that may reasonably be considered to: (a) be a threat or an attempted intimidation of a staff member; or (b) endanger the health or safety of students, staff, or school property; or
5. During periods of remote learning.

Disciplinary Measures

School officials shall limit the number and duration of expulsions and out-of-school suspensions to the greatest extent practicable, and, where practicable and reasonable, shall consider forms of non-exclusionary discipline before using out-of-school suspensions or expulsions. School personnel shall not advise or encourage students to drop out of school voluntarily due to behavioral or academic difficulties. Potential disciplinary measures include, without limitation, any of the following measures:

1. Notifying parents/guardians.
2. Disciplinary conference.
3. Restorative conference with students and/or staff.
4. Withholding of privileges.
5. Temporary removal from the classroom.
6. Return of property or restitution for lost, stolen or damaged property.
7. In-school suspension.
8. After-school study or provided the student's parent/guardian has been notified. (If transportation arrangements cannot be made in advance, an alternative disciplinary measure will be assigned to the student.)
9. Community service. Can be assigned within the building or in the community.

10. Seizure of contraband; confiscation and temporary retention of the personal property that was used to violate school rules.
11. Suspension of bus riding privileges.
12. Suspension from school and all school activities for up to 10 days. A suspended student is prohibited from being on school grounds.
13. Expulsion from school and all school activities for a definite time period not to exceed 2 calendar years. An expelled student is prohibited from being on school grounds.
14. Transfer to an alternative program if the student is expelled or otherwise qualifies for transfer under state law.
15. Notifying juvenile authorities or other law enforcement whenever the conduct involves criminal activity, such as, illegal drugs (controlled substances), "look-alikes," alcohol or weapons or in other
16. circumstances as authorized by the reciprocal reporting agreement between the district and local law enforcement agencies.

The above list of disciplinary measures is a range of options that will not always be applicable in every case. In some circumstances, it may not be possible to avoid suspending or expelling a student because behavioral interventions, other than a suspension or expulsion, will not be appropriate and available, and the only reasonable and practical way to resolve the threat and/or address the disruption is a suspension or expulsion.

Students Detained After School

Students may be detained for fifteen minutes after school without prior notification to parents, except if a student rides the bus. Bussed students will be detained on the following day unless prior arrangements are made with parents. Parents of students to be detained after school for more than fifteen minutes (beyond 2:55 p.m.) will be notified either by a telephone call, or a note sent home with the student. It is the student's responsibility to be sure the parent receives the message. If there is any out-of-school activity which conflicts with the scheduled detention, it must be resolved in advance with the staff member issuing the detention and the parent.

In-School Suspension

During in-school suspension, the student will report to the Ardmore Main Office at 8:10 a.m. with all necessary books and materials. The student will not be allowed to attend any classes or other activities during the school day. However, arrangements will be made for appropriate assignments to be completed. **Students may eat the lunch that they have brought from home or they may choose a lunch from the cafeteria. They are expected to work quietly on their assignments or other reading material.** The student will be dismissed at the end of the school day and instructed to go directly home. If assignments are not completed to the administrators' expectations, the student will be required to stay until 3:40 p.m. Any student serving an in-school suspension will not be allowed to participate in any extracurricular activities on the day of their suspension.

Out-of-School Suspension

Any student who is suspended out of school will not be permitted on school grounds or be able to participate in any school related activities during the period of suspension, either as a participant or a spectator. These activities include: interscholastic sports, both games and practices; music rehearsals and concerts; cheerleading; intramurals; dances; other school-related events. This includes evening activities.

A student will be permitted to make up school work and assessments missed as a result of a suspension.

Isolated Time Out, Time Out and Physical Restraint

Isolated time out, time out, and physical restraint shall only be used if the student's behavior presents an imminent danger of serious physical harm to the student or others and other less restrictive and intrusive measures were tried and proven ineffective in stopping it. The school may not use isolated time out, time out, and physical restraint as discipline or punishment, convenience for staff, retaliation, a substitute for appropriate educational or behavioral support, a routine safety matter, or to prevent property damage in the absence of imminent danger of serious physical harm to the student or others.

Corporal Punishment

Corporal punishment is prohibited in all circumstances. Corporal punishment is defined as a discipline method in which a person deliberately inflicts pain upon a student in response to the student's unacceptable behavior or inappropriate language, with an aim or set an example for others. It includes slapping, paddling, or prolonged maintenance of students in physically painful positions, or intentional infliction of bodily harm. Corporal punishment does not include reasonable force as permitted by State law.

Weapons Prohibition

A student who is determined to have brought one of the following objects to school, any school-sponsored activity or event, or any activity or event that bears a reasonable relationship to school shall be expelled for a period of not less than one year but not more than 2 calendar years:

(1) A firearm, meaning any gun, rifle, shotgun, weapon as defined by Section 921 of Title 18 of the United States Code, firearm as defined in Section 1.1 of the Firearm Owners Identification Card Act, or firearm as defined in Section 24-1 of the Criminal Code of 1961. The expulsion period may be modified by the Superintendent, and the Superintendent's determination may be modified by the School Board on a case-by-case basis.

(2) A knife, brass knuckles or other knuckle weapon regardless of its composition, a billy club, or any other object if used or attempted to be used to cause bodily harm, including "look-alikes" of any firearm as defined above.

The expulsion requirement may be modified by the Superintendent, and the Superintendent's determination may be modified by the Board of Education on a case-by-case basis.

Gang & Gang Activity Prohibited

"Gang" is defined as any group, club or organization of two or more persons whose purposes include the commission of illegal acts. No student on or about school property or at any school activity or whenever the student's conduct is reasonably related to a school activity, shall: (1) wear, possess, use, distribute, display, or sell any clothing, jewelry, paraphernalia or other items which reasonably could be regarded as gang symbols; commit any act or omission, or use either verbal or non-verbal gestures, or handshakes showing membership or affiliation in a gang; or (2) use any speech or commit any act or omission in furtherance of the interest of any gang or gang activity, including, but not limited to, soliciting others for membership in any gangs; (3) request any person to pay protection or otherwise intimidate, harass or threaten any person; (4) commit any other illegal act or other violation of district policies, (5) or incite other students to act with physical violence upon any other person.

Re-Engagement of Returning Students

The building principal or designee shall meet with a student returning to school from an out-of-school suspension, expulsion or alternative school setting. The goal of this meeting shall be to support the student's ability to be successful in school following a period of exclusion and shall include an opportunity for students who have been suspended to complete or make-up missed work for equivalent academic credit.

6.40 – Prevention of and Response to Bullying, Intimidation, and Harassment

Bullying, intimidation, and harassment diminish a student's ability to learn and a school's ability to educate. Preventing students from engaging in these disruptive behaviors and providing all students equal access to a safe, non-hostile learning environment are important district and school goals.

Bullying on the basis of actual or perceived race, color, national origin, military status, unfavorable discharge from military service, sex, sexual orientation, gender orientation, gender-related identity or expression, ancestry, age, religion, physical or mental disability, physical appearance, socioeconomic status, academic status, order of protection status, homelessness, actual or marital status, parenting status, pregnancy, parenting status, association with a person or group with one or more of the aforementioned actual or perceived characteristics, or any other distinguishing characteristic is prohibited in each of the following situations:

1. During any school-sponsored education program or activity.
2. While in school, on school property, on school buses or other school vehicles, at designated school bus stops waiting for the school bus, or at school-sponsored or school-sanctioned events or activities.
3. Through the transmission of information from a school computer, a school computer network, or other similar electronic school equipment.
4. Through the transmission of information from a computer that is accessed at a non-school-related location, activity, function, or program or from the use of technology or an electronic device that is not owned, leased, or used by the school district or school if the bullying causes a substantial disruption to the educational process or orderly operation of a school.

Bullying includes cyber-bullying and means any severe or pervasive physical or verbal act or conduct, including communications made in writing or electronically, directed toward a student or students that has or can be reasonably predicted to have the effect of one or more of the following:

1. Placing the student or students in reasonable fear of harm to the student's or students' person or property;
2. Causing a substantially detrimental effect on the student's or students' physical or mental health;
3. Substantially interfering with the student's or students' academic performance; or
4. Substantially interfering with the student's or students' ability to participate in or benefit from the services, activities, or privileges provided by a school.

Cyberbullying means bullying through the use of technology or any electronic communication, including without limitation any transfer of signs, signals, writing, images, sounds, data, or intelligence of any nature transmitted in whole or in part by a wire, radio, electromagnetic system, photo-electronic system, or photo-optical system, including without limitation electronic mail, Internet communications, instant messages, or facsimile communications. Cyberbullying includes the creation of a webpage or weblog in which the creator assumes the identity of another person or the knowing impersonation of another person as the author of posted content or messages if the creation or impersonation creates any of the effects enumerated in the definition of bullying. Cyberbullying also includes the distribution by electronic means of a communication to more than one person or the posting of material on an electronic medium that may be accessed by one or more persons if the distribution or posting creates any of the effects enumerated in the definition of bullying.

Bullying may take various forms, including without limitation one or more of the following: harassment, threats, intimidation, stalking, physical violence, sexual harassment, sexual violence, theft, public humiliation, destruction of property, or retaliation for asserting or alleging an act of bullying. This list is meant to be illustrative and non-exhaustive.

Students are encouraged to immediately report bullying. A report may be made orally or in writing to the building principal, nondiscrimination coordinator, district complaint manager or any staff member with whom the student is

comfortable speaking. All school staff members are available for help with a bully or to make a report about bullying. Anyone, including staff members and parents/guardians, who has information about actual or threatened bullying is encouraged to report it to the district complaint manager or any staff member. Anonymous reports are also accepted by phone call or in writing.

Consistent with federal and State laws and rules governing student privacy rights, the school shall make diligent efforts to notify a parent or guardian within 24-hours after the school's administration is made aware of a student's involvement in an alleged bullying incident. The term "bullying incident" includes individual instances of bullying, as well as all threats, suggestions, or instances of self-harm determined to be a result of bullying. Notification to a

parent or guardian shall include, as appropriate, the availability of social work services, counseling, school psychological services, other interventions, and restorative measures.

6.42 - Discrimination and Harassment on the Bias of Race, Color, and National Origin Prohibited

Discrimination and harassment on the basis of race, color, or national origin negatively affects a student's ability to learn and an employee's ability to work. Providing an educational and workplace environment free from such discrimination and harassment is an important District and School goal. The District and School do not discriminate on the basis of actual or perceived race, color, or national origin in any of its education programs or activities and comply with federal and State non-discrimination laws.

Examples of Prohibited Conduct

Examples of conduct that may constitute discrimination on the basis of race, color, or national origin include: disciplining students more harshly and frequently because of their race, color, or national origin; denying students access to high-rigor academic courses, extracurricular activities, or other educational opportunities based on their race, color, or national origin; denying language services or other educational opportunities to English learners; and assigning students special education services based on a student's race, color, or national origin.

Harassment is a form of prohibited discrimination. Examples of conduct that may constitute harassment on the basis of race, color, or national origin include: the use of racial, ethnic or ancestral slurs or stereotypes; taunts; name-calling; offensive or derogatory remarks about a person's actual or perceived race, color, or national origin; the display of racially-offensive symbols; racially-motivated physical threats and attacks; or other hateful conduct.

Making a Report or Complaint; Investigation Process

Individuals are encouraged to promptly report claims or incidents of discrimination or harassment based on race, color, or national origin to the Nondiscrimination Coordinator, a Complaint Manager, or any employee with whom the student is comfortable speaking. Reports will be processed under the District's Uniform Grievance Procedure.

Reports and complaints of discrimination or harassment will be confidential to the greatest extent practicable, subject to the District's duty to investigate and maintain an educational environment that is productive, respectful, and free of unlawful discrimination, including harassment.

Federal and State Agencies

If the District fails to take necessary corrective action to stop harassment based on race, color, or national origin, further relief may be available through the Illinois Dept. of Human Rights (IDHR) or the U.S. Dept. of Education's Office for Civil Rights. To contact IDHR, go to: <https://dhr.illinois.gov/about-us/contact-idhr.html> or call (312) 814-6200 (Chicago) or (217) 785-5100 (Springfield).

Prevention and Response Program

The District maintains a prevention and response program to respond to complaints of discrimination based on race, color, and national origin, including harassment, and retaliation. The program includes procedures for responding to complaints which:

1. Reduce or remove, to the extent practicable, barriers to reporting discrimination, harassment, and retaliation;
2. Permit any person who reports or is the victim of an incident of alleged discrimination, harassment, or retaliation to be accompanied when making a report by a support individual of the person's choice who complies with the District's policies and rules;
3. Permit anonymous reporting, except that an anonymous report may not be the sole basis of any disciplinary action;
4. Offer remedial interventions or take such disciplinary action as may be appropriate on a case-by-case basis;

5. Offer, but do not require or unduly influence, a person who reports or is the victim of an incident of harassment or retaliation the option to resolve allegations directly with the accused; and
6. Protects a person who reports or is the victim of an incident of harassment or retaliation from suffering adverse consequences as a result of a report of, investigation of, or a response to the incident.

Enforcement

Any District employee who is determined, after an investigation, to have engaged in conduct prohibited by this policy will be subject to remedial action and/or disciplinary action, up to and including discharge.

Any District student who is determined, after an investigation, to have engaged in conduct prohibited by this policy will be subject to remedial action and/or disciplinary action, including but not limited to, suspension and expulsion, consistent with the student discipline information in this handbook.

Any third party who is determined, after an investigation, to have engaged in conduct prohibited by this policy will be addressed in accordance with the authority of the Board in the context of the relationship of the third party to the District, e.g., vendor, parent, invitee, etc. Any person making a knowingly false accusation regarding prohibited conduct will likewise be subject to remedial and/or disciplinary action.

Retaliation Prohibited

Retaliation against any person for bringing complaints, participating in the complaint process, or otherwise providing information about discrimination or harassment based on race, color, or national origin is prohibited.

Individuals should report allegations of retaliation to the Building Principal, an administrator, the Nondiscrimination Coordinator, and/or a Complaint Manager.

A District employee, agent, or student violates this prohibition whenever that person engages in conduct on the basis of sex that causes another person to be excluded from participation in, be denied the benefits of, or otherwise

be subjected to discrimination under any education program or activity operated by the District. Sex discrimination includes discrimination on the basis of sex, stereotypes, sex characteristics, pregnancy or related conditions, sexual orientation, and/or gender identity.

Teen Dating Violence Prohibited

Engaging in teen dating violence that takes place at school, on school property, at school-sponsored activities, or in vehicles used for school-provided transportation is prohibited. For purposes of this policy, the term teen dating violence occurs whenever a student who is 13 to 19 years of age uses or threatens to use physical, mental, or emotional abuse to control an individual in the dating relationship; or uses or threatens to use sexual violence in the dating relationship.

Misbehavior will result in disciplinary action in accordance with the school's disciplinary procedures.

6.60 – Field Trips

Field trips are a privilege for students. Students must abide by all school policies during transportation and during field-trip activities, and shall treat all field trip locations as though they are school grounds. Failure to abide by school rules and/or location rules during a field trip may subject the student to discipline. All students who wish to attend a field trip must receive written permission from a parent or guardian with authority to give permission. Students may be prohibited from attending field trips for any of the following reasons:

- Failure to receive appropriate permission from parent/guardian or teacher;
- Failure to complete appropriate coursework;
- Behavioral or safety concerns;
- Denial of permission from administration;
- Other reasons as determined by the school.

6.70 – Access to Student Social Networking Passwords & Websites

School officials may conduct an investigation or require a student to cooperate in an investigation if there is specific information about activity on the student's account on a social networking website that violates a school

disciplinary rule or policy. In the course of an investigation, the student may be required to share the content that is reported in order to allow school officials to make a factual determination.

6.80 – Student Use of Electronic Devices

The use of electronic devices and other technology at school is a privilege, not a right. Students are prohibited from using electronic devices, except as provided herein. An electronic device includes, but is not limited to, the following: cell phone, smart phone, smart watch, audio or video recording device, bluetooth headphones/speakers, iPod®, iPad®, laptop computer, tablet computer or other similar electronic device. Pocket pagers and other paging devices are not allowed on school property at any time, except with the express permission of the building principal.

During instructional time, which includes class periods and passing periods, electronic devices must be kept powered-off and out-of-sight unless: (a) permission is granted by an administrator, teacher or school staff member; (b) use of the device is provided in a student's individualized education program (IEP); or (c) it is needed in an emergency that threatens the safety of students, staff, or other individuals.

Students are prohibited from wearing bluetooth headphones/ear buds/AirPods unless permission is granted for a reason listed above.

Students are allowed to use electronic devices during non-instructional time, which is defined as before and after school.

Electronic devices may never be used in any manner that disrupts the educational environment, violates student conduct rules or violates the rights of others. This includes, but is not limited to, the following: (1) using the device to take photographs in locker rooms or bathrooms; (2) cheating; and (3) creating, sending, sharing, viewing, receiving, or possessing an indecent visual depiction or non-consensual dissemination of private sexual images (i.e., sexting).

The school and school district are not responsible for the loss, theft or damage to any electronic device brought to school.

School officials may conduct an investigation or require a student to cooperate in an investigation if there is specific information about activity on the student's account on a social networking website that violates a school disciplinary rule or policy. In the course of an investigation, the student may be required to share the content that is reported in order to allow school officials to make a factual determination.

Chapter 7 – Internet, Technology & Publications

7.10 – Acceptable Use of the District's Electronic Networks

Acceptable Use of the District's Electronic Networks

All use of the District's electronic networks shall be consistent with the District's goal of promoting educational excellence by facilitating resource sharing, innovation, and communication. These procedures do not attempt to state all required or prohibited behavior by users. However, some specific examples are provided. The failure of any user to follow these procedures will result in the loss of privileges, disciplinary action, and/or legal action.

Terms and Conditions

The term electronic networks includes all of the District's technology resources, including, but not limited to:

1. The District's local-area and wide-area networks, including wireless networks (Wi-Fi), District-provided Wi-Fi hotspots, and any District servers or other networking infrastructure;
2. Access to the Internet or other online resources via the District's networking infrastructure or to any District-issued online account from any computer or device, regardless of location;
3. District-owned and District-issued computers, laptops, tablets, phones, or similar devices.

Acceptable Use – Access to the District's electronic networks must be: (a) for the purpose of education or research, and be consistent with the District's educational objectives, or (b) for legitimate business use.

Privileges – Use of the District's electronic networks is a privilege, not a right, and inappropriate use may result in a cancellation of those privileges, disciplinary action, and/or appropriate legal action. The system administrator or Building Principal will make all decisions regarding whether or not a user has violated these procedures and may deny, revoke, or suspend access at any time. His or her decision is final.

Unacceptable Use – The user is responsible for his or her actions and activities involving the electronic networks. Some examples of unacceptable uses are:

1. Using the electronic networks for any illegal activity, including violation of copyright or other intellectual property rights or contracts, or transmitting any material in violation of any State or federal law;
2. Using the electronic networks to engage in conduct prohibited by board policy;
3. Unauthorized downloading of software or other files, regardless of whether it is copyrighted or scanned for malware;
4. Unauthorized use of personal removable media devices (such as flash or thumb drives);
5. Downloading of copyrighted material for other than personal use;
6. Using the electronic networks for private financial or commercial gain;
7. Wastefully using resources, such as file space;
8. Hacking or attempting to hack or gain unauthorized access to files, accounts, resources, or entities by any means;
9. Invading the privacy of individuals, including the unauthorized disclosure, dissemination, and use of information about anyone that is of a personal nature, such as a photograph or video;
10. Using another user's account or password;
11. Disclosing any network or account password (including your own) to any other person, unless requested by the system administrator;
12. Posting or sending material authored or created by another without his/her consent;
13. Posting or sending anonymous messages;
14. Creating or forwarding chain letters, spam, or other unsolicited messages;
15. Using the electronic networks for commercial or private advertising;
16. Accessing, sending, posting, publishing, or displaying any abusive, obscene, profane, sexual, threatening, harassing, illegal, or knowingly false material;
17. Misrepresenting the user's identity or the identity of others; and
18. Using the electronic networks while access privileges are suspended or revoked.

Network Etiquette – The user is expected to abide by the generally accepted rules of network etiquette. These include, but are not limited to, the following:

1. Be polite. Do not become abusive in messages to others.
2. Use appropriate language. Do not swear, or use vulgarities or any other inappropriate language.
3. Do not reveal personal information, including the addresses or telephone numbers, of students or colleagues.

4. Recognize that the District's electronic networks are not private. People who operate District technology have access to all email and other data. Messages or other evidence relating to or in support of illegal activities may be reported to the authorities.
5. Do not use the networks in any way that would disrupt its use by other users.
6. Consider all communications and information accessible via the electronic networks to be private property.

No Warranties – The District makes no warranties of any kind, whether expressed or implied, for the service it is providing. The District will not be responsible for any damages the user suffers. This includes loss of data resulting from delays, non-deliveries, missed-deliveries, or service interruptions caused by its negligence or the user's errors or omissions. Use of any information obtained via the Internet is at the user's own risk. The District specifically denies any responsibility for the accuracy or quality of information obtained through its services.

Indemnification – By using the District's electronic networks, the user agrees to indemnify the District for any losses, costs, or damages, including reasonable attorney fees, incurred by the District relating to, or arising out of, any violation of these procedures.

Security – Network security is a high priority. If the user can identify or suspects a security problem on the network, the user must promptly notify the system administrator or Building Principal. Do not demonstrate the problem to other users. Keep user account(s) and password(s) confidential. Do not use another individual's account without written permission from that individual. Attempts to log-on to the network as a system administrator will result in cancellation of user privileges. Any user identified as a security risk may be denied access to the networks.

Vandalism – Vandalism will result in cancellation of privileges and other disciplinary action. Vandalism is defined as any malicious attempt to harm or destroy data of another user, the Internet, or any other network. This includes, but is not limited to, the uploading or creation of malware, such as viruses and spyware.

Telephone Charges – The District assumes no responsibility for any unauthorized charges or fees, including telephone charges, texting or data use charges, long-distance charges, per-minute surcharges, and/or equipment or line costs.

Copyright Web Publishing Rules – Copyright law and District policy prohibit the re-publishing of text or graphics found on the Internet or on District websites or file servers/cloud storage without explicit written permission.

1. For each re-publication (on a website or file server) of a graphic or a text file that was produced externally, there must be a notice at the bottom of the page crediting the original producer and noting how and when permission was granted. If possible, the notice should also include the web address of the original source.
2. Students engaged in producing web pages must provide library media specialists with email or hard copy permissions before the web pages are published. Printed evidence of the status of public domain documents must be provided.
3. The absence of a copyright notice may not be interpreted as permission to copy the materials. Only the copyright owner may provide the permission. The manager of the website displaying the material may not be considered a source of permission.
4. The fair use rules governing student reports in classrooms are less stringent and permit limited use of graphics and text.
5. Student work may only be published if there is written permission from both the parent/guardian and student.

Use of Email – The District's email system, and its constituent software, hardware, and data files, are owned and controlled by the District. The District provides email to aid students in fulfilling their duties and responsibilities, and as an education tool.

1. The District reserves the right to access and disclose the contents of any account on its system, without prior notice or permission from the account's user. Unauthorized access by any student to an email account is strictly prohibited.
2. Each person should use the same degree of care in drafting an email message as would be put into a written memorandum or document. Nothing should be transmitted in an email message that would be inappropriate in a letter or memorandum.
3. Electronic messages transmitted via the District's Internet gateway carry with them an identification of the user's Internet domain. This domain is a registered name and identifies the author as being with the District. Great care should be taken, therefore, in the composition of such messages and how such messages might reflect on the name and reputation of the District. Users will be held personally responsible for the content of any and all email messages transmitted to external recipients.
4. Any message received from an unknown sender via the Internet, such as spam or potential phishing emails, should either be immediately deleted or forwarded to the system administrator. Downloading any file attached to any Internet-based message is prohibited unless the user is certain of that message's authenticity and the nature of the file so transmitted.
5. Use of the District's email system constitutes consent to these regulations.

Internet Safety

Internet access is limited to only those acceptable uses as detailed in these procedures. Internet safety is supported if users will not engage in unacceptable uses, as detailed in these procedures, and otherwise follow these procedures.

Staff members will supervise students while students are using District Internet access to ensure that the students abide by the Terms and Conditions for Internet access contained in these procedures.

Each District computer with Internet access has a filtering device that blocks entry to visual depictions that are: (1) obscene, (2) pornographic, or (3) harmful or inappropriate for students, as defined by the Children's Internet Protection Act and as determined by the Superintendent or designee.

The system administrator and Building Principals shall monitor student Internet access.

7.20 – Guidelines of Student Distribution of Non-School Publications

A student or group of students seeking to distribute more than 10 copies of the same material on one or more days to students must comply with the following guidelines:

1. The student(s) must notify the Building Principal of the intent to distribute, in writing, at least 24 hours before distributing the material. No prior approval of the material is required.
2. The material may be distributed at times and locations selected by the Building Principal, e.g., before the beginning or ending of classes at a central location inside the building.
3. The Building Principal may impose additional requirements whenever necessary to prevent disruption, congestion, or the perception that the material is school-endorsed.
4. Distribution must be done in an orderly and peaceful manner, and may not be coercive.
5. The distribution must be conducted in a manner that does not cause additional work for school personnel. Students who distribute material are responsible for cleaning up any materials left on school grounds.
6. Students must not distribute material that:
 - a. Will cause a material and substantial disruption of the proper and orderly operation and discipline of the school or school activities;

- b. Violates the rights of others, including but not limited to, material that is libelous, slanderous or obscene, invades the privacy of others, or infringes on a copyright;
 - c. Is socially inappropriate or inappropriate due to the students' maturity level, including but not limited to, material that is obscene, pornographic, or pervasively lewd and vulgar, contains indecent and vulgar language, or sexting as defined by School Board policy and Student Handbook;
 - d. Is reasonably viewed as promoting illegal drug use;
 - e. Is distributed in kindergarten through eighth grade and is primarily prepared by non-students, unless it is being used for school purposes. However, material from outside sources or the citation to such sources may be allowed, as long as the material to be distributed or accessed is primarily prepared by students; or
 - f. Incites students to violate any Board policy.
- 7. A student may use the School District's Uniform Grievance Procedure to resolve a complaint.
 - 8. Whenever these guidelines require written notification, the appropriate administrator may assist the student in preparing such notification.

A student or group of students seeking to distribute 10 or fewer copies of the same publication on one or more days to students must distribute such material at times and places and in a manner that will not cause substantial disruption of the proper and orderly operation and discipline of the school or school activities and in compliance with paragraphs 4, 5, 6, and 7.

7.27 - Access to Non-School Sponsored Publications

Non-School Sponsored Publications Accessed or Distributed On Campus

Creating, distributing, and/or accessing non-school sponsored publications shall occur at a time and place and in a manner that will not cause disruption, be coercive, or result in the perception that the distribution or the publication is endorsed by the School District.

Students are prohibited from creating, distributing, and/or accessing at school any publication that:

- 1. Will cause a material and substantial disruption of the proper and orderly operation and discipline of the school or school activities;
- 2. Violates the rights of others, including but not limited to material that is libelous, slanderous or obscene, invades the privacy of others, or infringes on a copyright;
- 3. Is socially inappropriate or inappropriate due to maturity level of the students, including but not limited to material that is obscene, pornographic, or pervasively lewd and vulgar, contains indecent and vulgar language, or sexting as defined by School Board policy and the Student Handbook;
- 4. Is reasonably viewed as promoting illegal drug use;
- 5. Is distributed in kindergarten through eighth grade and is primarily prepared by non-students, unless it is being used for school purposes. However, material from outside sources or the citation to such sources may be allowed, as long as the material to be distributed or accessed is primarily prepared by students; or
- 6. Incites students to violate any Board policies.

Accessing or distributing on-campus includes accessing or distributing on school property or at school-related activities. A student engages in gross disobedience and misconduct and may be disciplined for: (1) accessing or distributing forbidden material, or (2) for writing, creating, or publishing such material intending for it to be accessed or distributed at school.

Non-School Sponsored Publications Accessed or Distributed Off-Campus

A student engages in gross disobedience and misconduct and may be disciplined for creating and/or distributing a publication that: (1) causes a substantial disruption or a foreseeable risk of a substantial disruption to school operations, or (2) interferes with the rights of other students or staff members.

7.40 Annual Notice to Parents about Educational Technology Vendors Under the Student Online Personal Protection Act

School districts throughout the State of Illinois contract with different educational technology vendors for beneficial K-12 purposes such as providing personalized learning and innovative educational technologies, and increasing efficiency in school operations.

Under Illinois' Student Online Personal Protection Act, or SOPPA (105 ILCS 85/), educational technology vendors and other entities that operate Internet websites, online services, online applications, or mobile applications that are designed, marketed, and primarily used for K-12 school purposes are referred to in SOPPA as operators. SOPPA is intended to ensure that student data collected by operators is protected, and it requires those vendors, as well as school districts and the Illinois State Board of Education, to take a number of actions to protect online student data.

Depending upon the particular educational technology being used, our District may need to collect different types of student data, which is then shared with educational technology vendors through their online sites, services, and/or applications. Under SOPPA, educational technology vendors are prohibited from selling or renting a student's information or from engaging in targeted advertising using a student's information. Such vendors may only disclose student data for K-12 school purposes and other limited purposes permitted under the law.

In general terms, the types of student data that may be collected and shared include personally identifiable information (PII) about students or information that can be linked to PII about students, such as:

- Basic identifying information, including student or parent/guardian name and student or parent/guardian contact information, username/password and student ID number
- Demographic information
- Enrollment information
- Assessment data, grades, and transcripts
- Attendance and class schedule
- Academic/extracurricular activities
- Special indicators (e.g., disability information, English language learner, free/reduced meals or homeless/foster care status)
- Conduct/behavioral data
- Health information
- Food purchases
- Transportation information
- In-application performance data
- Student-generated work
- Online communications
- Application metadata and application use statistics
- Permanent and temporary school student record information

Operators may collect and use student data only for K-12 purposes, which are purposes that aid in the administration of school activities, such as:

- Instruction in the classroom or at home (including remote learning)
- Administrative activities
- Collaboration between students, school personnel, and/or parents/guardians
- Other activities that are for the use and benefit of the school district

7.50 - Use of Artificial Intelligence

"Artificial intelligence" or "AI" is intelligence demonstrated by computers, as opposed to human intelligence. "Intelligence" encompasses the ability to learn, reason, generalize, and infer meaning. Examples of AI technology include ChatGPT and other chatbots and large language models.

AI is not a substitute for schoolwork that requires original thought. Students may not claim AI generated content as their own work. The use of AI to take tests, complete assignments, create multimedia projects, write papers, or complete schoolwork without permission of a teacher or administrator is strictly prohibited. The use of AI for these purposes constitutes cheating or plagiarism.

In certain situations, AI may be used as a learning tool or a study aid. Students who wish to use AI for legitimate educational purposes must have permission from a teacher or an administrator. Students may use AI as authorized in their Individualized Education Program (IEP).

Students may not use AI, including AI image or voice generator technology, to violate school rules or school district policies.

In order to ensure academic integrity, tests, assignments, projects, papers, and other schoolwork may be checked by AI content detectors and/or plagiarism recognition software.

Chapter 8 – Search and Seizure

8.10 – Search and Seizure

Search and Seizure

In order to maintain order safety and security in the schools, school authorities are authorized to conduct reasonable searches of school property and equipment, as well as of students and their personal effects. "School authorities" includes school liaison police officers.

School Property and Equipment as well as Personal Effects Left There by Students

School authorities may inspect and search school property and equipment owned or controlled by the school (such as, lockers, desks, and parking lots), as well as personal effects left there by a student, without notice to or the consent of the student. Students have no reasonable expectation of privacy in these places or areas or in their personal effects left there. The building administration may request the assistance of law enforcement officials to conduct inspections and searches of lockers, desks, parking lots, and other school property and equipment for illegal drugs, weapons, or other illegal or dangerous substances or materials, including searches conducted through the use of specially trained dogs.

Students Searches

School authorities may search a student and/or the student's personal effects in the student's possession (such as, purses, wallets, knapsacks, book bags, lunch boxes, etc.) when there is a reasonable ground for suspecting that the search will produce evidence the particular student has violated or is violating either the law or the school or district's student rules and policies. The search will be conducted in a manner that is reasonably related to its objective of the search and not excessively intrusive in light of the student's age and sex, and the nature of the infraction.

School officials may require a student to cooperate in an investigation if there is specific information about activity on the student's account on a social networking website that violates the school's disciplinary rules or school district policy. In the course of the investigation, the student may be required to share the content that is reported in order for the school to make a factual determination. School officials may not request or require a student or his or her parent/guardian to provide a password or other related account information to gain access to the student's account or profile on a social networking website.

Seizure of Property

If a search produces evidence that the student has violated or is violating either the law or the school or district's policies or rules, evidence may be seized and impounded by school authorities, and disciplinary action may be taken. When appropriate, evidence may be transferred to law enforcement authorities.

Questioning of Students Suspected of Committing Criminal Activity

Before a law enforcement officer, school resource officer, or other school security person detains and questions on school grounds a student under 18 years of age who is suspected of committing a criminal act, the building principal or designee will: (a) Notify or attempt to notify the student's parent/guardian and document the time and manner in writing; (b) Make reasonable efforts to ensure the student's parent/guardian is present during questioning or, if they are not present, ensure that a school employee (including, but not limited to, a social worker, psychologist, nurse, guidance counselor, or any other mental health professional) is present during the questioning; and (c) If practicable, make reasonable efforts to ensure that a law enforcement officer trained in promoting safe interactions and communications with youth is present during the questioning.

Chapter 9 – Extracurricular and Athletic Activities

9.10 – Extracurricular Athletic Activities Code of Conduct

This Extracurricular and Athletic Activities Code of Conduct applies, where applicable, to all school-sponsored athletic and extracurricular activities that are not part of an academic class nor otherwise carry credit for a grade.

Absence from School on Day of Extracurricular or Athletic Activity

A student who is absent from school after noon is ineligible for any extracurricular or athletic activity on that day unless the absence has been approved in writing by the principal. Exceptions may be made by the designated teacher, sponsor or coach for justifiable reasons, including: 1) a pre-arranged medical absence; 2) a death in the student's family; or 3) a religious ceremony or event.

A student who has been suspended from school is also suspended from participation in all extracurricular and athletic activities for the duration of the suspension.

A student who is absent from school on a Friday before a Saturday event may be withheld from Saturday extracurricular or athletic activities at the sole discretion of the designated teacher, sponsor or coach.

Modification of Athletic or Team Uniform

Students may modify their athletic or team uniform for the purpose of modesty in clothing or attire that is in accordance with the requirements of the student's religion or the student's cultural values or modesty preferences.

9.30 – Student Athlete Concussions and Head Injuries

Student athletes must comply with Illinois' Youth Sports Concussion Safety Act and all protocols, policies and bylaws of the Illinois High School Association before being allowed to participate in any athletic activity, including practice or competition. A student who was removed from practice or competition because of a suspected concussion shall be allowed to return only after all statutory prerequisites are completed, including without limitation, the School District's return-to-play and return-to-learn protocols.

Chapter 10 – Special Education

10.10 – Education of Children with Disabilities

It is the intent of the district to ensure that students who are disabled within the definition of Section 504 of the Rehabilitation Act of 1973 or the Individuals with Disabilities Education Act are identified, evaluated and provided with appropriate educational services.

The School provides a free appropriate public education in the least restrictive environment and necessary related services to all children with disabilities enrolled in the school. The term “children with disabilities” means children between ages 3 and the day before their 22nd birthday for whom it is determined that special education services are needed, except those children with disabilities who turn 22 years of age during the school year are eligible for special education services through the end of the school year. It is the intent of the school to ensure that students with disabilities are identified, evaluated, and provided with appropriate educational services.

A copy of the publication “Explanation of Procedural Safeguards Available to Parents of Students with Disabilities” may be obtained from the school district office.

Students with disabilities who do not qualify for an individualized education program, as required by the federal Individuals with Disabilities Education Act and implementing provisions of this Illinois law, may qualify for services under Section 504 of the federal Rehabilitation Act of 1973 if the student (i) has a physical or mental impairment that substantially limits one or more major life activities, (ii) has a record of a physical or mental impairment, or (iii) is regarded as having a physical or mental impairment.

10.20 – Discipline of Students with Disabilities

Behavioral Interventions

Behavioral interventions shall be used with students with disabilities to promote and strengthen desirable behaviors and reduce identified inappropriate behaviors. The School Board will establish and maintain a committee to develop, implement, and monitor procedures on the use of behavioral interventions for children with disabilities.

Discipline of Special Education Students

The District shall comply with the Individuals With Disabilities Education Improvement Act of 2004 and the Illinois State Board of Education's Special Education rules when disciplining special education students. No special

education student shall be expelled if the student's particular act of gross disobedience or misconduct is a manifestation of his or her disability.

Isolated Time Out, Time Out, and Physical Restraint

Isolated time out, time out, and physical restraint shall only be used if the student's behavior presents an imminent danger of serious physical harm to the student or others, and other less restrictive and intrusive measures were tried and proven ineffective in stopping it. The School may not use isolated time out, time out, or physical restraint as discipline or punishment, convenience for staff, retaliation, as a substitute for appropriate educational or behavioral support, a routine safety matter, or to prevent property damage in the absence of imminent danger of serious physical harm to the student or others. The use of prone restraint is prohibited.

10.50 – Access to Classroom for Special Education Observation or Evaluation

The parent/guardian of a student receiving special education services, or being evaluated for eligibility, is afforded reasonable access to educational facilities, personnel, classrooms, and buildings. This same right of access is afforded to an independent educational evaluator or a qualified professional retained by or on behalf of a parent or child. For further information, please contact the building principal.

10.60 Related Service Logs

Related Service Logs

For a child with an individualized education program (IEP), the school district must create related service logs that record the type of related services administered under the child's IEP and the minutes of each type of related service that has been administered. The school will provide a child's parent/guardian a copy of the related service log upon request.

10.70 PUNS (Prioritization of Urgency of Need for Services) Database Information for Students and Parents or Guardians

The Illinois Department of Human Services (IDHS) maintains a statewide database known as the PUNS database (Prioritization of Urgency of Need for Services) that records information about individuals with intellectual disabilities or developmental disabilities who are potentially in need of services.

IDHS uses the data on PUNS to select individuals for services as funding becomes available, to develop proposals and materials for budgeting, and to plan for future needs. The PUNS database is available for children with intellectual disabilities or developmental disabilities with unmet service needs.

Registration to be included on the PUNS database is the first step toward receiving developmental disabilities services in this State. A child who is not on the PUNS database will not be in the queue for State developmental disabilities services.

For more information and to sign up for PUNS, see the Illinois Department of Human Services PUNS information page at <https://www.dhs.state.il.us/page.aspx?item=41131>.

11.10 – Student Privacy Protections

Surveys

All surveys requesting personal information from students, as well as any other instrument used to collect personal information from students, must advance or relate to the District's educational objectives, or assist students' career choices. This applies to all surveys, regardless of whether the student answering the questions can be identified or who created the survey.

Surveys by Third Parties

Before a school official or staff member administers or distributes a survey or evaluation created by a third party to a student, the student's parent/guardian may inspect the survey or evaluation, upon their request and within a reasonable time of their request. This applies to every survey: (1) that is created by a person or entity other than a district official, staff member, or student, (2) regardless of whether the student answering the questions can be identified, and (3) regardless of the subject matter of the questions.

Parents who object to disclosure of information concerning their child to a third party may do so in writing to the building principal.

Surveys Requesting Personal Information

School officials and staff members will not request, nor disclose, the identity of any student who completes any survey or evaluation (created by any person or entity, including the school or district) containing one or more of the following items:

1. Political affiliations or beliefs of the student or the student's parent/guardian.
2. Mental or psychological problems of the student or the student's family.
3. Behavior or attitudes about sex.
4. Illegal, anti-social, self-incriminating, or demeaning behavior.
5. Critical appraisals of other individuals with whom students have close family relationships.
6. Legally recognized privileged or analogous relationships, such as those with lawyers, physicians, and ministers.
7. Religious practices, affiliations, or beliefs of the student or the student's parent/guardian.
8. Income other than that required by law to determine eligibility for participation in a program or for receiving financial assistance under such program.

The student's parent/guardian may: (1) inspect the survey or evaluation upon, and within a reasonable time of, their request, and/or (2) refuse to allow their child to participate in the survey. The school will not penalize any student whose parent/guardian exercised this option.

Instructional Material

A student's parent/guardian may inspect, upon their request, any instructional material used as part of their child's educational curriculum within a reasonable time of their request. The term "instructional material" means instructional content that is provided to a student, regardless of its format, printed or representational materials, audio-visual materials, and materials in electronic or digital formats (such as materials accessible through the Internet). The term does not include academic tests or academic assessments.

Prohibition on Selling or Marketing Students' Personal Information

No school official or staff member may market or sell personal information concerning students (or otherwise provide that information to others for that purpose). The term personal information means individually identifiable information including: (1) a student or parent's first and last name, (2) a home or other physical address (including street name and the name of the city or town), (3) a telephone number, (4) a Social Security identification number or (5) driver's license number or State identification card.

Unless otherwise prohibited by law, the above paragraph does not apply: (1) if the student's parent/guardian have consented; or (2) to the collection, disclosure or, use of personal information collected from students for the exclusive purpose of developing, evaluating or providing educational products or services for, or to, students or educational institutions, such as the following:

5. The sale by students of products or services to raise funds for school-related or education-related activities.
6. Student recognition programs.

Under no circumstances may a school official or staff member provide a student's personal information to a business organization or financial institution that issues credit or debit cards.

A parent/guardian who desires to opt their child out of participation in activities provided herein or who desires a copy or access to a survey or any other material described herein may contact the Building Principal. A complete copy of the District's Student and Family Privacy Rights policy may be obtained from the Superintendent's office or accessed on the District's website.

11.20 – Student Records

A school student record is any writing or other recorded information concerning a student and by which a student may be identified individually that is maintained by a school or at its direction or by a school employee, regardless of how or where the information is stored, except for certain records kept in a staff member's sole possession; records maintained by law enforcement officers working in the school; video and other electronic recordings (including electronic recordings made on school busses) that are created in part for law enforcement, security, or safety reasons or purposes, though such electronic recordings may become a student record if the content is used for disciplinary or special education purposes regarding a particular student.

The Family Educational Rights and Privacy Act (FERPA) and the Illinois Student Records Act afford parents/guardians and students over 18 years of age ("eligible students") certain rights with respect to the student's school records. They are:

1. **The right to inspect and copy the student's education records within 10 business days of the day the district receives a request for access.**

The degree of access a student has to his or her records depends on the student's age. Students less than 18 years of age have the right to inspect and copy only their permanent record. Students 18 years of age or older have access and copy rights to both permanent and temporary records. A parent/guardian or student should submit to the building principal a written request that identifies the record(s) he or she wishes to inspect. Within 10 business days, the building principal will make arrangements for access and notify the parent/guardian or student of the time and place where the

records may be inspected. In certain circumstances, the district may request an additional 5 business days in which to grant access. The district charges \$0.35 per page for copying but no one will be denied their right to copies of their records for inability to pay this cost. These rights are denied to any person against whom an order of protection has been entered concerning the student.

2. **The right to have one or more scores received on college entrance examinations included on the student's academic transcript.**

Parents/guardians or eligible students may have one or more scores on college entrance examinations included on the student's academic transcript. The district will include scores on college entrance examinations upon the written request of the parent/guardian or eligible student stating the name of each college entrance examination that is the subject of the request and the dates of the scores that are to be included.

3. **The right to request the amendment of the student's education records that the parent/ guardian or eligible student believes are inaccurate, irrelevant, or improper.**

A parent/guardian or eligible student may ask the district to amend a record that is believed to be inaccurate, irrelevant, or improper. Requests should be sent to the building principal and should clearly identify the record the parent/guardian or eligible student wants changed and the specific reason a change is being sought. If the district decides not to amend the record, the district will notify the parent/guardian or eligible student of the decision and advise him or her of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent/guardian or eligible student when notified of the right to a hearing.

4. **The right to permit disclosure of personally identifiable information contained in the student's education records, except to the extent that the FERPA or Illinois School Student Records Act authorizes disclosure without consent.** Disclosure without consent is permitted to school officials with legitimate educational or administrative interests. A school official is a person employed by the District as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the School Board. A school official may also include a volunteer, contractor, or consultant who, while not employed by the school, performs an institutional service or function for which the school would otherwise use its own employees and who is under the direct control of the school with respect to the use and maintenance of personally identifiable information from education records (such as an attorney, auditor, medical consultant, therapist, or educational technology vendor); or any parent/guardian or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility or contractual obligation with the district. Upon request, the District discloses education records without consent to officials of another school district in which a student has enrolled or intends to enroll, as well as to any person as specifically required by State or federal law. Before information is released to these individuals, the parents/guardians or eligible student will receive prior written notice of the nature and substance of the information, and an opportunity to inspect, copy, and challenge such records.

Academic grades and references to expulsions or out-of-school suspensions cannot be challenged at the time a student's records are being forwarded to another school to which the student is transferring.

Disclosure is also permitted without consent to: any person for research, statistical reporting or planning, provided that no student or parent/guardian can be identified; to another school district that overlaps attendance boundaries with the District, if the District has entered into an

intergovernmental agreement that allows for sharing of student records and information with the other district, any person named in a court order; appropriate persons if the knowledge of such information is necessary to protect the health or safety of the student or other persons; and juvenile authorities when necessary for the discharge of their official duties who request information before adjudication of the student.

5. **The right to a copy of any school student record proposed to be destroyed or deleted.**

The permanent record is maintained for at least 60 years after the student transfers, graduates, or permanently withdraws. The temporary record is maintained for at least 5 years after the student transfers, graduates, or permanently withdraws. Temporary records that may be of assistance to a student with a disability who graduates or permanently withdraws, may, after 5 years, be transferred to the parent/guardian or to the student, if the student has succeeded to the rights of the parent/guardian. Student temporary records are reviewed every 4 years or upon a student's change in attendance centers, whichever occurs first.

6. **The right to prohibit the release of directory information.**

Throughout the school year, the district may release directory information regarding students, limited to

- Name
- Address
- Grade level
- Birth date and place
- Parent/guardian names, addresses, electronic mail addresses, and telephone numbers
- Photographs, videos, or digital images used for informational or news-related purposes (whether by a media outlet or by the school) of a student participating in school or school-sponsored activities, organizations, and athletics that have appeared in school publications, such as yearbooks, newspapers, or sporting or fine arts programs
- Academic awards, degrees, and honors
- Information in relation to school-sponsored activities, organizations, and athletics
- Major field of study
- Period of attendance in school

Any parent/guardian or eligible student may prohibit the release of any or all of the above information by delivering a written objection to the building principal within 30 days of the date of this notice.

7. **The right to request that military recruiters or institutions of higher learning not be granted access to your student's information without your prior written consent.**

Federal law requires a secondary school to grant military recruiters and institutions of higher learning, upon their request, access to secondary school students' names, addresses, and telephone numbers, unless the student's parent/guardian, or student who is 18 years of age or older, submits a written request that the information not be released without the prior written consent of the parent/guardian or eligible student. If you wish to exercise this option, notify the building principal.

8. **The right contained in this statement: No person may condition the granting or withholding of any right, privilege or benefits or make as a condition of employment, credit, or insurance the securing by any individual of any information from a student's temporary record which such individual may obtain through the exercise of any right secured under state law.**

9. **The right to file a complaint with the U.S. Department of Education concerning alleged failures by the district to comply with the requirements of FERPA.**

The name and address of the Office that administers FERPA is:
U.S. Department of Education

Student-identifying information in video productions

District 45 and its schools will limit the amount of student-identifying information in school-based and District 45 video productions. Before the publication or distribution of District 45 or school-based videos, a school official or staff member will ensure that:

- The parent/guardian has agreed to the Student Photo/Web/Media Release Form when registering for school and has permitted the student's image to appear in District photos, publications, videos and social media accounts.
- Student names are not included with their image or likeness when publishing videos on school or District websites, social media accounts managed by the District, or in District video productions.
- If the student speaks in the video, the school principal or designee will contact the parent/guardian before publishing to inform them that their child will appear and speak in the video.

11.30 – Student Biometric Information

Before collecting biometric information from students, the school must seek the permission of the student's parent/guardian or the student, if over the age of 18. Biometric information means information that is collected from students based on their unique characters, such as a fingerprint, voice recognition or retinal scan.
