Registration Appointments for Summer and Fall Semester 2026

Students are randomly assigned an appointment time within a stage based on their total number of cumulative credits. For the purpose of assigning registration times, cumulative credit total includes both completed and in-progress credits.

To find your exact registration appointment time, go to your MyU: Academics and click on the "Registration" tab.

Stage	Status	Date
Stage 1	Priority Registration	March 30
Stage 2	Seniors – Undergraduates with 90 or more cumulative credits	March 30 – April 2
Stage 3	Juniors – Undergraduates with 60 – 89.99 cumulative credits	April 7 – 8
Stage 4	Sophomores – Undergraduates with 30 – 59.99 cumulative credits	April 9 – 10
Stage 5	Freshmen – Undergraduates with less than 29.99 cumulative credits	April 13 – 14
Stage 6	Returning Non-Degree	April 16
Stage 7	Open Enrollment begins (PSEO students and multi-institutional students with permission number)	April 17

Online Course Registration Priority

Online degree-seeking students who are officially admitted to an approved online degree program are given priority registration in all online courses offered during the fall and spring semesters (designated by class sections E90, E91, etc.). This will insure that "place-bound" students have the first opportunity to enroll in online classes. There is, however, no priority registration for summer session.

- Online degree-seeking students (in an approved online major): may register at or after their registration queue time (no permission number required unless class is full.)
- On-campus degree-seeking students: may register at or after their registration queue time but approval and permission number is required from the academic department offering the course.

- Non-degree and PSEO students: may register at or after their registration queue time if space is available in the course. On-campus PSEO students need a permission number to enroll in an online section of a course.
- Multi-institutional students may seek out a permission number from the corresponding department as soon as open enrollment begins. Because seat availability varies for each department, program, and course, it is up to the discretion of the department when permission numbers are given.

Fall Semester 2026 Final Exam Schedule

Your final exam time is scheduled following the [University's scheduling examinations policy](#). Always confirm your final exam time with your instructor.

The final examination week is part of the regular school term and must be considered by students when planning any other activities or work outside of school hours. Students are expected to know the hours for their final examination and to attend the examinations when scheduled.

The time of the examination is based on the hours and days the class is regularly scheduled. Unless otherwise announced, the exam will be held in the classroom in which the course is taught. In determining the hours and days of final exams from examination schedules use the following guidelines:

- Go by the lecture hour rather than the laboratory or discussion hours.
- Use the MWF start time if your class meets on any or all of these days.
- Use the TTh start time if your class meets on any or all of these days.
- Use the first full class hour if your class meets more than one continuous hour.
- Instructors may use asynchronous online or take-home exams that allow students to take an exam at a time of their choosing rather than at a scheduled final examination time. The due date for these exams must not be earlier than the published Standard Final Exam Schedule day/time for that course
- Final examinations for courses that do not run for a full semester, May session, and summer session courses are scheduled during the regular meeting time of the course on the last day.
- All one and two credit course examinations will be given during the final week of class during the regular class hours.

Online Classes

Final examinations for online classes cannot be due prior to the start of the campus scheduled four-day final exam period and cannot be due later than the last day of the

published final exam schedule. The exam due date must be listed in the syllabus. Instructors must provide a minimum of four days to complete asynchronous exams. Instructors must schedule synchronous exams during the campus scheduled four-day final exam period and be listed in the syllabus showing both the day and hour the exam will be given.

Resolving an exam conflict

You are [required to take final examinations](#) at the times shown. However, if you have examination conflicts or three (or more) final exams within one calendar day, you may request adjustment with your college office and with your instructor. Such a request must be presented at least two weeks before the examination period begins.

If your instructor has requested a variation from the official final exam schedule, he or she must (1) give a special make-up exam to any students who have exam conflicts, or (2) give three (or more) exams in one calendar day.

If you miss a final, an I, an F, or an N is recorded, depending upon your standing at the time. To make up the exam, you must obtain the instructor's permission.

Notes:

- Students on academic warning may not add courses after the 100% refund period per the [Academic Standing Policy](#).
- [Academic policy petitions](#) requesting to add a course after the deadline must include the instructor's approval and advisor's approval. Petitions will be approved or denied by the Academic Standards and Policy Committee.
- Dropping courses is not normally permitted after the deadline. Exceptions require an [academic policy petition](#) to be filed documenting the unusual circumstances. Requests that include a request for a tuition refund must complete the [Retroactive Course Cancellation and Tuition Refund Appeal](#).
- The One-time drop exception may be used one time during a student's undergraduate career at the University of Minnesota to drop a course after the deadline. [See policy for more information \(Note C.2.b. of linked policy\)](#)
- Courses on the 011 – Extended Regular session use the same add/drop/refund deadlines as the 001 – Regular session.
- College in the High School courses follow deadlines listed on the [College in the High School webpage](#).
