

NEW! Family Engagement Grant Invitation!

**Become one of five LEAs to receive support
worth up to \$100K per year for five years from
a US DOE project grant to the new
Indiana Statewide Family Engagement Center!**

The purpose of this project is to provide technical assistance and training on the implementation and enhancement of systemic and effective family engagement policies, programs, and activities in the context of school leadership. The programming is intended to lead to improvements in student development and academic achievement of all students through improved family engagement.

The following links provide information for the LEAs who are interested in this designation:

Thursday, December 7th: Applications DUE at 5 pm ET

Friday, December 15th: Winners Announced through IDOE Friday Update

=====

The U.S. DOE has selected IN*SOURCE, Indiana's Parent Training Information Center to also serve as the fiscal agent for Indiana's Statewide Family Engagement Center (SFEC). This endeavor marks an expansion of the historical focus of IN*SOURCE from one of exclusively supporting families and youth with special education needs to now include support for LEAs and families of all groups of students impacted disproportionately on measures of student success. EFFECT (Engaging Family, Educators & Community Together) will be the division brand for the project. Technical assistance and resources will be provided to LEAs to support family-school partnerships. Additionally, training will be provided directly to families to encourage meaningful engagement.

Please direct questions to Dr. Dawn McGrath at dmcgrath@insource.org.
