

2 Week Jayfeather MAP

ART DIRECTION

You will be held accountable for the all the rules listed. so read them carefully.

- ★ This map is heavily inspired off of the [man on the moon](#) map! Please go check it out! - [LINK](#)
- ★ Jayfeather cannot be seen by any of the dream cats! Think of him as a minecraft spectator.
- ★ Jayfeather can see in the dream realm.
- ★ **No black lineart!** Can be any dark color you see fit but not too dark where it looks black.
- ★ Dream cats can be from any time. Cats in starclan/the dark forest still dream.
- ★ Dream cats have a lineart of light pink or white with their colors being 100% opacity.
- ★ All cats will have an overlay which will be located in the resources.
- ★ Dream cats **must be canon cats**, cannot be ocs.
- ★ Dream cats and jayfeather can levitate/create things out of clouds.
- ★ Dream cats can be visited by starclan relatives in their dreams.
- ★ This is a slow paced map, cats don't really have nightmares in this, so keep the dreams sweet and sentimental!
- ★ Shading can be included! Does Not have to be, thats up to you!
- ★ Designs can be simplified if needed!
