

Lakota Study Guide

- The Lakota lived in the Plains.

- They lived in teepees.

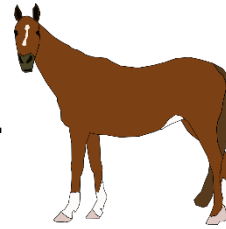

- Main food was buffalo.

- A travois was used to carry the teepee when the Lakota moved around.

- Main form of transportation was horses.

- The Lakota were nomads- they never made a home in just one place. They traveled to follow the buffalo.

- Women were responsible for putting up and taking down teepee when they moved.

- Babies were carried on cradleboards.

- Pemmican was a mixture of dried buffalo meat and berries.

- The Lakota used the buffalo to make food, clothing, blankets and robes, teepees.
