

Privacy Policy for Kaafiya Data

Kaafiya Data (“the App”) is developed and published by TechEdge Apps. This Privacy Policy explains how Kaafiya Data (package name: com.kaafiya.app) handles user data and protects user privacy.

We respect your privacy and are committed to safeguarding your information.

1. Data Collection

Kaafiya Data does not collect any personal information, such as:

- Name
- Email address
- Phone number
- Contacts
- Precise location

The App only generates and uses a unique device identifier (UUID) to support core app functionality.

2. Data Usage and Sharing

- The UUID is used only for internal app functionality, such as service identification and operational purposes.
 - The UUID is not shared with any third parties.
 - No data is sold, rented, or disclosed to external organizations.
-

3. Data Storage and Security

- All data transmitted between the App and our servers is encrypted using HTTPS.
 - The UUID is stored securely on our servers and protected against unauthorized access.
 - We apply reasonable technical and organizational security measures to safeguard stored data.
-

4. Data Deletion

Users may delete all associated app data by uninstalling the application from their device.

No personal data is retained after uninstallation.

5. Children's Privacy

Kaafiya Data does not knowingly collect data from children under the age of 13.

If such data is discovered, it will be deleted immediately.

6. Changes to This Privacy Policy

This Privacy Policy may be updated from time to time.

Any changes will be reflected in the updated version of this document and, where appropriate, within the App.
