

DIRK THE DICTIONARY

[Click here for media assets \(for video thumbnails, press, etc.\)](#)

[Play the game on itch.io](#)

Dirk the Dictionary is a free, browser-based visual novel by happycrazywild, full of retro computer vibes, cheeky wordplay, and gay romance.

Dirk, a grammar-obsessed antelope (think "Clippy" with muscles) must snuff out typos with his adoring coworker Jack the Donkey. But is Dirk really the smartest person in the room?

Fix hilariously bad grammar and fall in love with *Dirk the Dictionary*.

Currently on version 1.0 -- tells a complete 20 to 30-minute story, but more story content is planned.

Features

- 20-30 minutes in length, visual novel
- CLICK on hilariously bad grammar!
- ENJOY a loving spoof of 90s "edu-tainment"!
- GUFFAW (or groan) at ludicrous dialogue and cheeky puns – some of them intentional!
- DOZENS of hand-drawn character portraits!
- AUTHENTIC 90s Macintosh aesthetic!
- SMILE KNOWINGLY as Dirk and Jack flirt the entire time!

Release Info

Developer: happycrazywild (a.k.a. Landon X. Jenkins)

Release date: January 31, 2026 (version 1.0)

Platform: Web browser, Windows

Price: Free

Current status: Released – the current version tells a complete story, but more updates are in development, featuring new story chapters and visual and gameplay upgrades.

Content: This game is SAFE for work and does NOT contain explicit content. However, there is some suggestive (TV-14) humor and wordplay.
