

General Information

Carmilla Voice Auditions

AUDITIONS IS NOW CLOSE!

Project Information:

After an accident that left her using a wheelchair, detective Laura Le Fanu relocates to her uncle's castle-like estate in rural Rhode Island. There she meets his maids and the mysterious butler Eli, who quickly forms a bond with her. When a maid is found dead and a storm traps them inside, Laura must unravel the truth—unaware that a vampire walks among them.

Introductions:

Hi! Thank you for taking an interest in our little game. I hope you find a character that suits your voice. It doesn't really matter if you are just starting out as a voice actor or an experienced one, feel free to send us your audition or just look at some of the characters we have and maybe you can find someone you like then you can send us your audition. Don't be afraid to send us a dm.

If you want to know more about us feel free to read this following paragraph, but if you just want to check out the characters you can just look at the documents tab in there. (on the left actually, i cant find a cool gif)

But you should check on how to send your auditions though it should be after this. for the contact information and general audition rules and stuff.

I should also mention that this is a volunteer role.

Anyways we joined spooktober last year and we made a yandere yuri game called [Oto-hime](#).

We still have mostly the same team and we're making another yuri game again this time with vampires.

Recording Instructions:

- Record your lines in mp3 or wav format
- Label as Character Name-Your Name.mp3 (Laura-Maple.mp3)
- Send your audition in a single file
- You can try having different takes for each line.

Requirements:

We're not really that strict with anything, just someone who can commit to voicing the characters for September. You should also let us know if some stuff happens that will make you unable to continue voicing as well. I know it's a bit hard to share the news, but don't worry we won't get mad we're just going to send you to jail where you get headpats.

Also you should let us know if you want to get a rejection later from us. It's hard when you get this, so if you let us know we won't send you any. If we didn't contact you after September 14th someone else got the role.

Deadline for auditions:

September 12th. We will close the audition during this time and we will be reviewing the people who sent their auditions. You can have the result on September 13th or 14th.

Additional Notes: If you are wondering why this visual novel is supposedly titled Carmilla why can't I see her audition page here. It's actually because we already have someone cool to play her.

Laura

Laura

Character Information:

Laura is one of the main characters of the story. She's a detective and because of an accident she's left on a wheelchair. She is determined and wants others to respect her accomplishments.

Images:

Voice Style:

She's proud of her past achievements and wants to be taken seriously. Her voice should be professional and cool. But you should also prepare to do something when she gets embarrassed. She's going to be teased by Carmilla a lot.

So we're looking for someone who can be cool when needed and act more shy when needed. A right balance between the two should be perfect.

Audition Lines:

1. **"You look like someone that's addicted to gambling." (she sounds confident and sure like a detective.)**
2. **"So, what you're trying to say is you suck at driving." (she's hiding her embarrassment here and acting like she's in control of things.)**
3. **"I—I—I didn't expect for things to turn in this direction." (she can't maintain her facade here and her voice sounds like she's trying her best to hide it but fails to do so.)**

Daphne and Peri

Daphne and Peri

If you want to, you can try to audition for both characters.

Character Information:

Daphne and Peri are twin maids who are completely opposite of each other.

Daphne is a hard working older sister type of a character. She gets anxious, but she's confident when it counts

Peri is a techy, gambler, slob who wants nothing but to play games. She's surprisingly very sharp when it comes to other people's emotions.

Images:

Voice Style Daphne:

Daphne is someone you can rely on so a big sister type of character should fit her voice. Her voice should sound confident and sometimes unsure. She has this drive to

always move forward. She also gets anxious so you also prepare to sound not too confident.

Audition Lines Daphne:

1. **"I can do that for you. If you don't mind." (kind and reliable voice)**
2. **"I'm not that confident with my skills, but I can do my best." (kinda unsure about her skills, but her voice should sound more confident in the end)**
3. **"I just have to practice more and I can do it." (she's hyping herself up, confident and reliable sounding)**

Voice Style Perri:

Perri is someone who is lazy so expect some slacker that kinda sounds like she's too tired to even talk and the type that doesn't want to be there. She's somewhat quiet, but gets easily excited when it comes to games and the stuff she cares about.

Her voice should be somewhat slow and quiet and when she gets excited it must also like her voice is much louder than usual and it perks up quite a bit than what it used to.

Audition Lines Daphne:

1. **"You know if you want to win in life. You should be willing to lose everything." (lazy advice/sounds like she's confident on this)**
2. **"What do you mean you say you don't gamble?" (sounds shocked/and confused/voice must kinda trail off)**
3. **"I'm going to teach you the secret way to get ahead of others." (excited/and her voice perks a bit)**

Miss Bertha and The Witch

Miss Bertha and The Witch

If you want to, you can try to audition for both characters.

Character Information:

Miss Bertha is the head maid of the mansion. She's a kind hearted maid that teaches others how to offer excellent service. She keeps her private life a secret, but sometimes she complains about her dating life.

The Witch is a mysterious character that is the victim of this story. She's sadistic and pure evil.

This is a bit of a spoiler for the story, but Miss Bertha and The Witch are the same person. The Witch killed Miss Bertha and pretended to be her. Which is also why you're also playing as the two characters.

Images:

Voice Style Miss Bertha:

Her voice should give off a gentle and kind vibe. The closest thing that I can think of what her voice sounds like is probably the ara ara~ type vibes that you see in most

anime. She can also be strict so make sure to make it sound like you're mad, but do it in a way that sounds gentle and calm, but it's actually a threat.

Audition Lines Miss Bertha:

1. "Dont worry about it. You did a good job today." (praising someone)
2. "Don't tell me you forgot to do the dishes again." (calm and gentle tone with a lot of patience behind it)
3. "I believe a punishment is a must." (cold threat, but a little gentle. just maybe think there;s a fire in your back when you say this.)

Voice Style The Witch:

Her voice should be somewhat cold and monotone compared to Miss Bertha. If I were to compare her to something it's probably like a robot. Her lines are mostly innocent enough and give off a welcoming vibe, but still it can feel a bit unwelcoming.

Since she's pretending on this, her mask can also break... to do this you must voice her lines as something dignified and royalty kinda like were just insects to her.

Audition Lines The Witch:

4. "Dont worry about it. You did a good job today." (monotone like phrase)
5. "You MAGGOT!. Don't speak to me." (mask off/ royalty kinda vibe/don't scream the word 'MAGGOT' you can deliver it as cold as possible)
6. "I hope you enjoy yourself, dear guest." (cold delivery like it feels like she didn't mean it)

The General

Laura

Character Information:

The General is a goofy and eccentric character. He's a former military veteran who is now in retirement and is now taking care of stray vampires.

Images:

Voice Style The General:

Her voice is somewhat old so your voice must be somewhat mature that kinda gives off a rich gentlemanly vibe. If you like old man yaoi, you probably know what I mean. You can think of him as the strange funny uncle that takes care of his talking dogs.

He mostly speaks quite frank and maybe overlay loud so expect someone frank that says before he thinks.

Audition Lines:

1. **"Welcome! Welcome! It's nice to see you again, Laura dear." (welcoming someone, very excited)**
2. **"You look a little shorter than what I remember." (someone saying things in the top of their head/ it should kinda give off the i didnt mean to say it vibe.)**
3. **"Are you eating properly? You should eat more." (a bit worried and someone giving like advice/ old man yaps basically)**
