Youth Prep Teams

Team Costs

The cost for the season will be \$2480. This cost includes mat rental, competition fees, insurance, choreography, as well as additional team expenses. There is a slight chance that this cost may be less, depending on the number of girls on each team and possible bids. If the cost is less, the final payment will be adjusted accordingly. This cost **does not** include, uniform, athlete's USASF membership or an end of season competition. **If a team participates in an end of season event and decides to accept the bid, all expenses associated with the competition are add-on expenses to the season.**
