BJP should apologise for misleading PoJK refugees on rehab package, says SOS International

Tribune News Service

Jammu, November 19

The chairman of the SOS International, Rajiv Chuni, said today that 17 lakh Pakistan-occupied Jammu and Kashmir (PoJK) refugees would teach the Bharatiya Janata Party (BJP) a lesson in the upcoming Assembly elections if corrective measures were not taken immediately for accepting the rehabilitation package, which was submitted by the state government.

He asked BJP in charge for J&K Avinash Rai Khanna to tender an unconditional apology to the displaced community for trying to mislead it over the issue. Chuni claimed that the contents of the Union Home Ministry's letter had exposed the Central Government and the BJP on its double standards towards PoJK refugees.

While circulating the copies of the letter written by the Union Home Ministry to the state government for clubbing the issue of West Pakistan refuges with the proposed package for displaced persons from PoJK, the SOS International chairman dared the BJP to initiate action against him for alleged breach of privilege.

Chuni claimed that according to the letter, the Union Home Ministry had directed the state government not to forward any package for PoJK refugees without clubbing the issue of West Pakistan refugees and their citizenship rights.

"The BJP is under an impression that unlike Kashmiri migrants, who were given package after package, the PoJK refugees are not united and thus can't do anything. But I warn them that the displaced community would prove to be a thaw," Rajiv Chuni said.
