Covid 19 Page

Need to add location patient portal codes button. See <https://carefirsturgentcares.com/covid19>

Illnesses Treated

Update hero image.

Immunizations Page

Any service page with more than 2 lines of text in hero subheader needs that wall of text moved to the top of the body. This is just one example

Locations Pages (Locations Page, City Pages, Individual Locations)

Remove “View Location” link from nearby locations CMS section. Link the title of the location “Beechmont Ave Urgent Care and the image.

Find us at a convenient Cincinnati, Ohio location

Beechmont Ave Urgent Care

7300 Beechmont Ave
Cincinnati, OH 45230

[Text Link](#)

[View location >](#)

City Pages CTA: Change “Get a telemed appointment” to “Check in online” Change “PCR Pre-Registration” to “Get a telemed appointment”

Individual Locations Pages

Set up social media icon links with # and I will add the links

Careers Page

Replace the image with the form.

Pay Your Bill

Please embed the paypal account form found here. <https://carefirsturgentcares.com/pay-bill/>

Reviews Section

Fix the reviews section.
