Dear [Mention the name of the recipient]

Before I saw your face, I had no idea how joyful life might be. Every time I see you, my heart beats like a hummingbird in flight. I've never felt anything like this before, and you're the reason why.

I get a nice feeling when I think of you and our insightful chats. Even when we are away, my smile is impossible to conceal. This relationship is unique, incredible, and, dare I say, predestined. Many people have questioned what took place to change me and make me better. I tell them, "It's you," without any doubt.

I often worry that my heart would break from the excitement and longing I have when I think of you. Looking forward to our upcoming date, lovely. Every secret you share with me, every good or bad experience you share with me, makes me feel warm and fuzzy on the inside.

You trusted me so completely with your vulnerability toward me I never thought I'd find someone I'd want to spend so much time with or who could, without even trying, have the kind of impact you have on my life. We will have a lot more memorable times together, I hope.

Thanks for your time.
