- Completing the Teacher PATH concentration does not guarantee admission to UCR's SOE Multiple Subject Teacher Credential Program; however, it does guarantee an interview as part of the application process.
- ESHD majors pursuing this concentration have several pathways to demonstrate subject matter competence: through coursework, a combination of coursework and CSET exams, or CSET exams alone. We partner with UCR's Teacher Education Program (TEP) to ensure that coursework evaluations are reviewed for students in this concentration.
