Bachelor Of Ministry

What's the "student type" at Milestone College?

Milestone College primarily has students that are incoming freshmen with less than 15 credits towards college, but certainly welcomes other students. Other students will include: students that already have AP or dual credits, and other college transfers.

How do I apply to Milestone College?

Our Milestone College-specific application is live year-round. Keep in mind, applicants have to be admitted to both Milestone College and Oral Roberts University to attend. Please carefully read our instructions, which can be found on the first page of the application.

What are the minimum test score(s) for admissions into Milestone College?

Although every applicant is different and circumstances vary based on the applicant pool, a general baseline for successful applicants will be an ACT score of 20 or higher and an SAT score of 1020 or higher (math and critical reading only). Other baselines to keep in mind include the top 40% of high school class or at least a 2.6 GPA.

Can AP credits or dual credit programs be used in conjunction with Milestone College?

Milestone College welcomes students with college credits, and will work with ORU to create degree plans that prioritize the student!

ORU also offers an incredible Advantage program (dual credit program) that high school students are encouraged to pursue: <https://oru.edu/admissions/advantage/index.php>

How does transferring into Milestone College work?

It is important to note that no school, whether ORU or otherwise, has to accept another institution's credits. However, ORU does a phenomenal job - with the help of admissions and enrollment specialists - to accommodate students' unique situations.

Please initially refer to ORU's transfer information page, here: <https://oru.edu/current-students/my-enrollment/registrar/transfer-info/>

What if I go to Milestone College for a year or two and then wish to transfer?

Generally, most ORU courses should transfer to another institution as long as the grade is a C or higher because they are college-level courses. Exactly how they transfer to another institution is based on that institution's transfer guidelines.

In terms of how they may transfer into other ORU programs and many other institutions, ORU has structured Years 1-2 to have approximately 18 credit hours of Theology & Ministry courses (out of approximately 60 credit hours). If a student changes to an (online) ORU major, becomes an ORU Tulsa residually-based student, or transfers to another institution, the 18 hours of "ministry" courses will typically satisfy general elective requirements. All of the remaining Years 1-2 courses should satisfy general education requirements in any of ORU's online programs and many other institutions. *It is the responsibility of the student to verify with other institutions how potential courses may transfer.

What will be the cost of Milestone College?

ORU tuition and fees will be approximately 10k/year at the Milestone Church instructional site. A Tulsa-based ORU student can expect to pay approximately 30k in tuition alone so Milestone College students are receiving an incredible discount for the equivalent degree upon graduation.

How do I apply for FAFSA with Milestone College?

When applying for FAFSA, please use ORU's code: 003985.

For any more help with FAFSA, please reach out directly to Milestone College staff: milestonecollege@milestonechurch.com

Where will Milestone College classes take place?

Milestone College will be a blended learning environment on campus at our (Milestone Church) Keller campus as well as online.

Who will make up the faculty at Milestone College?

ORU (adjunct) instructors at Milestone Church's instructional site will be both Milestone Church staff and non-Milestone Church staff. Instructors will have a master's or doctoral degree in a relevant field of study, carry the heart and culture of our church, and be great teachers.

Is there housing provided for students?

At this time, there are no on-campus housing options at Milestone College.

What does student life look like at Milestone College?

Just like our church at large, Milestone College places an emphasis on spiritual family! Our student life events, intramurals, small groups, trips, and practicum all provide an environment in which every student can thrive.

What help is available if a student has spiritual needs or concerns?

Outside of the academic faculty and staff resources available through Milestone College and Oral Roberts University, students will have access to pastoral staff and ministry leaders as the needs arise.

Company Description

Milestone College prepares you for more than just a career path. We fully believe that excellent education, paired with real-life ministry application, is the best way to develop the next generation of ministry leaders. This is your future; this is our future.
