

Presentation Feedback

Please use this guide when giving feedback to each other after you give a presentation.

Please give feedback in clear, full sentences, not one word statements.

Is it kind? Is it helpful? Does it help them move forward and improve?

Clarity of speech	Can you hear what they are saying? Is it clear? Can you make out the words properly?
Interacting with their audience / client	Do they look their audience / client in the eye? Do they give their audience / client time to look at the work they are being shown?
Explaining of ideas	Do they explain their ideas well so you understand how they got them and what they were thinking? Do they give reasons why their designs are like that?
Use of language	Do they use design words? Do they use clearly structured sentences that give reasons and meaning?
