

BATAAN PENINSULA STATE UNIVERSITY-ORANI CAMPUS

Office of the Physical Plant and Engineering Services

B.S.10 There is a central signal and fire alarm system.

The academic programs offered at Orani Campus are designed to equip students with both theoretical knowledge and practical skills aligned with industry standards. Each program emphasizes hands-on training, critical thinking, and real-world applications across various fields such as education, business, information technology, and agriculture. Faculty members are committed to academic excellence, fostering a learning environment that nurtures personal and professional growth.

To ensure a safe and conducive learning atmosphere, the campus is equipped with a central signal and fire alarm system. This infrastructure supports emergency preparedness by providing timely alerts and coordinated responses, safeguarding both students and personnel. The integration of safety systems reflects the institution's commitment not only to quality education but also to the overall well-being of its academic community.
