1. **Title of Event:** AI AND DATA ANALYTICS CAREER PATHS AND OPPORTUNITIES
2. **Date of Event:** 07-02-2025 & 08-02-2025
3. **Name of organizing Department:** Computer Science
4. **Names of the Convener :** Mr.M.Kiran Kumar
5. **Organizing Members:** Mr.T.Vamshi Krishna Reddy, Ms. M.Snehalatha
Mr.S.Bala Krishna , Mr.Ch.Ramulu
6. **Brochure :** [Brochure](#)
7. **No.of Participants:** 81 [List](#)
8. **Activity Details:**

The Department of Computer Science successfully conducted a two-day career counseling session focusing on **AI and Data Analytics - Career Paths & Opportunities**. The event featured distinguished speakers from the industry who provided valuable insights into emerging trends and practical applications in these fields. The sessions aimed to educate students on career prospects, industry expectations, and the future of AI and data analytics.

Day 1 (07-02-2025) : AI FOR TOMORROW - TRENDS & INSIGHTS

Speaker: Ananth Godavari, CEO, Intellifusion Technologies, USA

The first day of the career counseling session was led by Mr. Ananth Godavari, CEO of Intellifusion Technologies, USA. He shared his expertise on the latest trends in Artificial Intelligence (AI) . The session covered:

- The evolution of AI and its rapid advancements
- Real-world applications of AI in healthcare, finance, and automation
- Future job roles and required skill sets for AI professionals

Mr. Godavari emphasized the growing demand for AI experts and the importance of acquiring programming, machine learning, and problem-solving skills. The interactive Q&A session allowed students to clarify their doubts about AI career pathways.

Day 2 (08-02-2025): TURNING DATA INTO INSIGHTS – A PRACTICAL APPROACH

Speaker: Vikram V, Vice President, Corporate Sector Ratings, ICRA

The second day focused on data analytics and its role in driving business decisions. Mr. Vikram V, Vice

President of Corporate Sector Ratings at ICRA, delivered an engaging session on how organizations leverage data for strategic insights. Key highlights included:

- Fundamentals of data analytics and data-driven decision-making
- Tools and technologies used in data analytics
- Case studies showcasing practical applications in different sectors

Mr. Vikram V provided valuable guidance on career prospects in data analytics, stressing the importance of statistical knowledge, programming (Python, R), and domain expertise. The session concluded with an open discussion where students inquired about certification programs, internships, and industry expectations.

Conclusion

The two-day career counseling session proved to be highly informative and insightful for students aspiring to build a career in AI and data analytics. The expert speakers provided a comprehensive overview of industry trends, career opportunities, and essential skills required in these domains. The event successfully motivated students to explore these emerging fields and prepare for future challenges.
