

- (1) **Selection of UEC-Nominated Speakers:** We need to select UEC-nominated seminar speakers for the next two quarters. Please provide your nominations by Wednesday 21st July at the following Google drive link : https://docs.google.com/document/d/1AWj9kRzU5nyMyr66WHuL3ITTUA_li1VO-Qc8jJS79SU/edit?usp=sharing . After we receive all the nominations, we'll have a quick poll to decide on speakers.
- (2) **Facilitating Meetings for UEC-Nominated Speakers:** For UEC-invited speakers, the UEC host and the speaker will be requested to identify some folks they would like to meet at the Foundry. Tina will help identify a block of time either on that date or sometime that week for the meetings. Seminars will remain virtual at least until the end of the year.
- (3) **Lab Access:** As per recent emails from Shannon, Berkeley Lab has implemented two different protocols for those that have and have not uploaded documentation related to their vaccination status. Users are treated the same as staff from the perspective of lab access. There are a large number of badges/facility available in addition to numerous swing slots spread out across the facilities. Side-by-side training is now possible and most occupancy limits have been removed. For those traveling from outside, there is still a different set of criteria in place https://docs.google.com/document/d/1EDWdhx-hXjQ7IT_MQbL7znVQotXWLasm1ZKXlShkCiQ/edit# (see Section 46.7) –lots more changes expected in the next 2 weeks. Perhaps at the next UEC meeting, we can explore a specific communication to those that are not local to LBNL
- (4) **User code of conduct/community norms:** This is an evolving document—please provide input in the next 2 weeks so we can move towards a near final version that can be circulated amongst staff, the IDEA office, and counsel

<https://docs.google.com/document/d/16b2VixYjStjA2aigvG4VnjXthQtleloBpwFA0aVRFXQ/edit?usp=sharing>

- (5) **Career Panels:** We now have our speakers finalized. Please provide some questions to get the panels started—we'll also be seeking input from those registering for the UEC
