

Thailand Entry Guidance

IMPORTANT: We at GEEO strive to provide accurate and up-to-date information. However, governments change visa rules. It is *your responsibility* to double-check information with the [US Department of State Bureau of Consular Affairs](#).

Passport/Visa Requirements

Thailand [requires](#) visitors to have **at least six months of validity** remaining on their passports beyond their date of entry. Please check your passport's expiration date now and make sure there is sufficient validity remaining. Your passport must also contain at least one blank page for the entry/exit stamps.

U.S. citizens do not need to purchase a visa to visit Thailand, but all non-Thai nationals entering Thailand, regardless of travel mode (air, land, or sea), must complete the [Thailand Digital Arrival Card \(TDAC\)](#) online before arrival. This form is the electronic version of the traditional disembarkation card that visitors were previously required to complete upon arrival in Thailand.

Thailand Digital Arrival Card (TDAC)

The Thailand Digital Arrival Card must be submitted **within three days prior to arriving** in Thailand via the official government [TDAC site](#).

If you are participating in a Vietnam and Cambodia trip (starting in Hanoi and ending in Bangkok), you will need to complete the TDAC form *while you are in Cambodia*. Your tour leader may complete a group submission for you.

The screenshot shows the official Thailand Digital Arrival Card (TDAC) website. At the top right, there is a language selector showing the US flag and the word "English". Below this, a red "IMPORTANT NOTICE" states: "In accordance to Immigration Act, B.E. 2522". This is followed by three numbered instructions: 1. All passengers must complete the Thailand Digital Arrival Card. 2. If the alien stays in the Kingdom longer than 90 days, he/she must notify in writing the nearest Immigration Officer, concerning place of stay, as soon as possible upon expiration of 90 days. And required to do so every 90 days. 3. Aliens are not allowed to work unless they are granted Work Permit. In the center, there is a green checkmark icon and the word "Success!". Below this, there are two main buttons: "Arrival Card" with the subtext "Provide your Thailand Digital Arrival Card details for your coming trip." and "Update Arrival Card" with the subtext "Make change to the Thailand Digital Arrival Card information." At the bottom, there is a link for "User's Guide" and a copyright notice: "Copyright 2024 Project. All rights reserved. Version 2025.04.00-0299".

Once you are within three days of your arrival in Thailand, you can submit the form on the TDAC site by clicking the “Arrival Card” button. You cannot complete the form earlier than three days prior to your arrival.

In the Personal Information section, enter your name, biographic details, and passport information. For Nationality/Citizenship, U.S. citizens should select “USA: American.”
