

An AI prompt to write your “About Me” section

Struggling with writing your profile? Get your creative juices flowing with a little help from AI.

Simply personalise the prompt below, then copy and paste it into your AI tool of choice.

In less than 2 minutes you'll have something to add to your profile right away. And you can always come back and freshen it up later on. So you're one step closer to your first paid lesson with a pupil on MyTutor.

Prompt:

I want you to act like an autobiographer helping me create an engaging 'about me' blurb for my tutor profile. This profile will introduce me to pupils aged 11–18 and the schools we partner with. The goal is to make a strong first impression and show how I will support pupils in their learning journey.

Please use the information below to help write the blurb:

1. **What makes me a great tutor** (my personality, approach, or enthusiasm for helping others): *I'm chatty, approachable, and love seeing my pupils have that 'lightbulb moment'*
2. **Subjects I tutor and why I'm passionate about them:** *I tutor English Literature and English Language at GCSE and A-level*
3. **My educational background** (e.g., recent A-level grades, GCSE results, or current university studies): *I got an A* at A-level in English literature and an A at A-level in English language, I am also studying classical literature at university and will graduate next year*
4. **Any relevant experience** (this could include helping classmates, mentoring, or volunteering): *I have worked with my friends siblings to help them improve their grades, I was a mentor in my comprehensive school for younger students as well*
5. **How I approach lessons** (e.g., creating supportive environments, using interactive tools, or focusing on building confidence): *I want my lessons to be fun for pupils, I like to share our plan up front, and I want all pupils to feel supported*
6. **Career aspirations or goals that inspire me to tutor:** *I want to be a teacher after I graduate*
7. **Any interests or hobbies I enjoy** that could help me connect with pupils: *I like scrolling Tik Tok, watching Netflix and I love Liverpool FC*

Start the blurb with a short, memorable sentence that highlights something unique about me. The tone should be warm, approachable, and professional while showcasing that I am reliable, enthusiastic, and dedicated to helping pupils succeed. Keep the blurb concise and persuasive, ensuring it reflects my enthusiasm for tutoring and commitment to making a difference for pupils who need extra support.
