Time Order Paragraph

### My Lucky Day

I went to Tokyo Disneyland with my best friend two months ago. I visited there for the first time in a year. So I was excited from a week before. On the day, I got up early in the morning. I was fashionable. And I rode on the first train. I wasn't sleepy. My mood was in top form. But the weather wasn't so good. I joined with my friend. The park was empty because the weather was cloudy. Therefore, we got a on lot of vehicles. My favorite attraction was Splash Mountain. It was very thrilling. And we took a lot of photos with many characters. They were very cute! In the afternoon, the weather was sunny. It made me feel happy. I made happy memories with my best friend. I thought that it was very important time with my friend. This is my lucky day.
