

The Fairy Land

Once upon a time there was a little girl named Ella. She lived in a two story house. Her house was very new and clean. Ella had a pet dog called Stella. Ella had long beautiful blond hair and a beautiful light blue dress. Ella was a nice and quiet little girl.

One day Ella went outside to play with her dog Stella. Ella throw the ball and Stella ran after it and bring it back to Ella. After a couple minutes Ella saw a group of fairies buy a tree. The fairies saw Ella and the fairies flew behind the tree. Ella ran to the tree where the fairies were hiding she said "come out i'm not going to hurt you". The fairies came out Ella said "what's wrong". My friend glitter the fairy is messing up our fairy land because the mean fairy wizard cast a spell on her. What does the fairy wizard look like asked Ella. He is a boy he has a pointy blue hat with yellow stars on it and he has a robe that is purple and it has yellow stars on it. Ok i'll see if I can catch it if I see it. It was getting dark and Ella was getting tired so she said to the fairies " I think I should go inside".

The next day Ella wakes up early she goes outside. Then she saw the group of fairies buy the tree. She ran over to them. She started talking to the fairies and then she heard something she looked behind her. She saw something flying in the air. " Is that the fairy wizard" Ella whispered " yes ". Ella tiptoed over to the fairy wizard she went as quiet as she can so the fairy wizard couldn't hear her. She tried to catch the fairy wizard in her hand but she stepped on a stick and it made a crunch. The fairy wizard looked behind him and flew away because Ella was there. Ella said "I was so close to catching the fairy wizard but I stepped on a stick". They waited an hour and then they saw the fairy wizard again Ella tiptoed over to the fairy wizard and caught it in her hand. She said to the fairy wizard " you will uncast the spell you put on glitter the fairy right now and never cast a spell on the fairies again". Since the fairy wizard is so small and Ella is so big Ella looks like a giant to the fairy wizard that the fairy wizard got scared. He uncast the spell that he put on glitter the fairy and he flew far far away and he was never seen again and they lived happily ever after.

I really liked the way you described Ella.

It was a great idea to make Ella step on a stick the first time she tried to catch the fairy wizard because then she had to try again to catch him. Maybe next time you could make the solution a bit longer and a bit more harder to solve.
