

K9SOU Transmitter Hunt

Official Rules

- Teams will be decided on at the front lot of Bloomington High School South. The transmitter hunt will on **146.580**.
- Transmissions will last one minute in duration and will occur every five minutes. That will mean one minute of transmission followed by four minutes of silence, then one minute of transmission and so on.
- When a directional reading is being taken with the antenna and radio, your vehicle must be at a complete stop away from other traffic. All readings must be taken from outside of the vehicle for safety reasons.
- The transmissions will be made from public property and will not be in an enclosed building. Clues will be given with the transmissions throughout the transmitter hunt. DO NOT TRESSPASS ON PRIVATE PROPERTY.
- If there is a problem with the radio equipment you may contact Mr. Rapp at _____.
- Bringing a map and a pencil would be recommended for keeping track of the transmission directions you receive. Also, keep in mind that the location of the transmitter will be within a 5 miles radius of Bloomington High School South.

So remember:

- Safety first when taking readings
- One minute transmissions spaced five minutes apart
- Public place
- **146.580**

Have fun and good luck!
