

RRFF Truckee River Clinics for two groups:

6 Experienced Fly Fishers but might not be familiar with the Truckee River
6 Beginners + mentor(s)

May to July, dates to be selected no later than the end of February

Money commitments will be made when dates are determined in

Organizers: Ed Barich, Don Shaw

NOTE: This event is restricted to RRFF club members only.

is a great opportunity to spend 4 hours on the Truckee River clinic with other RRFF members learning from guide [Peter Santley](#). Peter normally guides the Lower Sacramento and Trinity Rivers during the fall and winter. In addition, he guides Truckee and Little Truckee spring, summer and early fall. In the late May through June-July summer period, he conducts Truckee River clinics since he lives in that area.

This is a clinic on area and techniques with demonstrations. This is a chance to learn several different types of fishing, learn access points on the Truckee river and to practice safe wading. He conducts this same program for Golden Gate Angling and Casting Club each year.

He has guided a number of our members and has donated to our RRFF fundraiser dinners for several years. Ed Barich, Don Shaw and Mike Spurlock have used his services and Mike has taken his Truckee clinic.

The plan is to determine if there is enough interest in getting groups of 6 persons to set dates for several clinics by the end of February or sooner if possible before his schedule fills .

- Clinic date depends on weather and river conditions.
- Clinics to be tailored to the abilities of those in attendance.
- For less experienced persons, keep in mind you will get more out of this if you practice your casting and learn to tie knots!
- Cost is \$110 each, gratuity appreciated.
- Bring your own lunch and 5-6 weight rods, tackle and fly selection as recommended. Waders and wading staff are needed.
- Meet at Trout Creek Outfitters Fly Shop in Truckee at 8 am.
- Receive a Truckee River Fishing Access Map.
- Carpool to several nearby access spots on the Truckee River during the clinic.
- Peter will have 6 rods available for loan rigged for dry fly fishing, indicator fishing and Euro-nymphing for all to try.
- Peter has waders and boots of various sizes, free to loan if needed including women's sizes.

Truckee River Clinic Experienced group – Outing will be Wednesday, July 10, 2024
