Updates to Current Description:

Lori Holt is a creative wizard, an author, and a crafting guru! Buzz into the Bee in my Bonnet fan club and whip up some of the most delightful projects that'll have you buzzing with excitement all year long. Bring any Lori Holt project and Katharine will be there to help you along the way in this intermediate / advanced level class. Students must have a machine in good working order and be familiar with its operation. A background in basic quilt construction and mastery of ¼ inch seams is essential. It is perfect for individuals taking on their first Lori Holt quilt, but also those who have made several of her projects. For the advanced quilter, who has made several Lori Holt projects, our class is like a super fun sewing bee with other Lori Holt fans. Here are some of the learning outcomes:

- Mixing and Matching Blocks for different Quilt Layouts
- Pattern Mastery and Lori Holt's Approach
- An awesome machine alternative to traditional needle turn applique (if choosing a pattern with applique).
- Ideas for future projects with scraps (e.g., zippy bags or seed packet blocks).
- Paper piecing (if choosing a project with this technique).
- Adding embellishments to blocks.
