

Lesson Plan

Week of April 13- April 17

Group Yellow Reading

Goal: Read a small chapter book *Cam Jansen and the Mystery of the U.F.O* by David A. Adler illustrated by Susanna Natti, and answer questions to show your understanding of the story.

Activities

Each day you are going to listen to a section of the book. Once you have listened to that section there are 5 questions to answer each day. Please take your time and read through the questions completely and answer every part if it is a written question. I was not able to find a download of the book to send to you all to follow along. However if you have a kindle account you can get the book on there for free to follow along with if you would like to. Do your best and have fun!
