Accessibility Language from Alliance 2019 Ebooks RFP

Access and Platform Expectations

- i. The Alliance seeks ebook platforms that are accessible to a wide variety of higher education users. Specifically, we are looking for platforms that can provide the functionality delineated below:
- ii. *Required:*
 1. Unlimited simultaneous user access.
 2. Option for users to download chapters and/or page ranges.
 3. Ebooks provided in EPUB as well as PDF format.
 4. VPAT or other plan of accessibility/ADA compliance.
 5. Perpetual access to purchased content granted in license.
- iii. *Highly Preferred:*
 1. Searching, browsing, and other activities on the platform are optimized for mobile devices.
 2. Purchased content is DRM-free.
 3. Option for users to download entire eBook.
 4. PDF downloads are fully OCR'd (including chapters, page ranges, pages)
- iv. *Preferred:*
 1. Platform includes interactive tools, such as:
 - a. saving to bookshelf/folders,
 - b. highlighting, and/or
 - c. notes.
 - d. **Note:** Interactive tools are required if content is DRM-locked.
 2. License allows interlibrary loan (ILL) access to purchased content.
 3. Ability to limit platform search to content available through the Alliance's shared collection.
