

Weatherford Independent School District Summer School 2024

9th Grade - 12th Grade

Dear Parents/Guardians:

In June 2023, the Texas legislature passed House Bill (HB) 1416, updating Texas Education Code (TEC) 28.021, which now (in part) requires Accelerated Instruction for students who did not perform satisfactorily on or did not take the STAAR End-Of-Course assessments.

In order to provide an opportunity to meet these requirements and provide support prior to EOC re-tests in June, WISD will be offering summer school to students in 9-12th grade who have not met the Approaches grade level when they completed their STAAR-EOC assessments during the 2023-2024 school year.

- End of Course Exams (EOC) - English I, English II, Algebra I, Biology, and/or US History

In addition, WISD is providing an opportunity for 9-12th grade students to recover course credit for any high school course for which they did not earn a passing grade in the 2023-2024 school year.

- Credit Recovery - any high school credit course

You will be notified by your child's campus if your child qualifies for summer school.

Students who do not attend summer school will be required to complete accelerated instruction hours during Advisory during the 2024-2025 school year.
