RSU 56 K-5 ELA BENCHMARK STANDARDS 22/23: ALIGNED WITH AMPLIFY CKLA SCOPE AND SEQEUNCE 08/19/2022

The following ELA standards will be reported at DES during the 2022-2023 school year. These standards have been selected because they are the CCSS options that best compliment or integrate with the ELA assessments built into the Amplify CKLA scope and sequence (for K-2, the Skill strand is emphasized). Specific domains are not identified below because grade level teams will need more experience before deciding which Amplify assessments they will use for reporting, however the terms selected are intended to align with domains that possess assessments which assess the selected standards.
