Ready to ditch your 9-5,
Escape the rat race,
And leave all the depression, anxiety, and misery behind?

Then this email is for **YOU**.

Over the past 30 years,
I've been one of the most visible,
Most respected,
And most well paid freelance-copywriters in the game.

And, along the way, I've helped numerous people build their own freelancing careers.
I'm talking about transforming the lives of those who came to me struggling,

Yet left with specific advice and tactics that opened the floodgates to cash, fun, and global respect.

I cannot just help any writer though...
You gotta want it.
And you gotta be willing to do whatever is necessary to **WIN**.
If you're not ready to put in the time or the effort to fulfill your Dream State,
Don't bother, stop here.

But if you are that top 1%, and willing to do what needs to be done.
I can help you.

I'm offering a course that includes the following.

You will receive copies of *"Kick-Ass Copywriting Secrets of a Marketing Rebel"*, *"Uncensored Real World Advice From Top Freelancers"*, bonus *"How to be a Consultant"*, bonus *"Power Words"*, *"11 Quick Marketing Fixes"*, and all the MP3 audios.
