Requesting deadline extensions

1. Please contact your brief manager to arrange an extension only if you need one. Make sure to let them know in advance so that they can prepare appropriately.
2. Please note that the client has no obligations to accept your proposed deadline extension and may decide to change the writer instead.

Missing deadlines

1. If in any event you miss a deadline, please contact the client to arrange a deadline extension and inform him/her of when you'll finish the draft.
2. If no info is made, the client has the right to change the writer without giving the previous writer any compensation.
3. Failing to meet your deadlines regularly will result in the decrease of your reliability score. This will affect your chances of landing inbound gigs.

Kill fees

1. If the client decides not to use your draft, you'll still be paid 30% of the brief fee.
2. In the event the client finds out that you have plagiarized your content, you will not be entitled any payment from the brief.
