

Mademoiselle's summer skirt

by Anna Chmura

I knitted a summer skirt for my niece, who is 3 years old, and that's my notes. This is knitted in round seamless with a rubber in belt, so if you want to knit it for a younger child you needn't make it smaller, you can just put shorter rubber into a tunnel.

Yarn: I knitted from a cotton- Alize Bella Batic design (180m/50g), but you can use other which is similar. I recommend a cotton yarn.

Gauge: 16sts x 36 rows- 4in

Needles: us 6/ 4mm

Instructions:

Skirt is knitted seamless, in round. Tunnel for a rubber is connected with the main part seamless, but you can knit it separately and seam after work.

- using crochet casting on, or provisional casting on, cast on 100 sts. *If you want to seam tunnel after work, you can cast on with any method.*
- **Knit 2 rounds.**
- **3rd round knit.** In this round we make a hole for putting a rubber, which is Yo and k2tog (for example k10, yo, k2tog, and k all sts to and round).
- **4th- 6th round:** knit all sts.
- **7th round:** purl all sts.
- **8th-13th round:** knit all sts.
- **14th round:** We close the tunnel. We take away the crochet chain, and knit every stitch from the first round together with stitch from this round. *If you want to seam it after work, just knit all sts.*
- **15th-30th round:** knit all sts.
- **31st round:** * knit 4, make 1* repeat between ** (125 sts now in round)
