Schedule for Distance Learning Phase 3

As we enter “Phase 3” of our distance learning program, students will typically have a day that runs from 9am-2pm, inclusive of breaks and the opportunity for extra help with teachers. Friday will be a day of extra help and completion of independent work assigned in classes. Students should follow their schedules through both “A” & “B” days. During scheduled class times, students will access their classes through Google Classroom, and will typically be engaged in live interaction through Google Meet/Hangouts or other remote tools. Teachers will be online with students during classes and students may have a moderate amount of independent work to complete following class. All classes will meet during their assigned periods, with the exception of study halls, which can be used for the completion of independent work by students. You’ll notice that Monday and Wednesday schedules and their Tuesday and Thursday schedules are very similar, with the difference being related to classes that meet only on “A” or “B” days.
