SYLLABUS & COURSE OUTLINES						
Course Code	Course Name	Credit Weight (credits)		Semester	Course Status	Prerequisite Course
PNMM265112	Agribusiness Financial Management	T: 3	P: 0	Odd	Compulsory for the Agribusiness Finance concentration / Elective for other concentrations	-
Brief Course Description	This course discusses the principles, theories, and analytical frameworks of corporate financial management (corporate finance) as well as agribusiness institutions, which can be used by financial managers in making decisions related to corporate/institutional finance. The course also gives students the opportunity to understand corporate financial management theory and how to apply it in real life so that it has an impact on the creation of sustainable value. After taking this course, students are expected to be able to analyze aspects of financial statement instruments such as financial ratio analysis, financial leverage, operating leverage, cash, inventory, accounts receivable, financial risk analysis, cost of capital analysis, working capital analysis, and the capital market.					
Graduate Learning Outcomes (CPL) Assigned to the Course	CPL1	S2 - Demonstrates honest, responsible, confident, emotionally mature, ethical attitudes, and awareness of being a lifelong learner. P2 - Able to analyze problems in the field of agribusiness and evaluate alternative solutions based on agribusiness management theory and application.				
	CPL2	KK2 - Able to design innovative policy formulations and community empowerment in the field of agribusiness				
	Indonesian National Qualification Framework (KKNI) Level 8					
Course Learning Outcomes (CPMK)	After completing this course, students are expected to be able to:					
	CPMK1	Able to analyze the financial health and condition of an agribusiness company/institution, covering aspects of financial ratios, financial leverage, operating leverage, cash, inventory, accounts receivable, financial risk, cost of capital, working capital, and the capital market.				
	CPMK2	Able to assess, formulate strategies, and make decisions to improve the financial performance of an agribusiness company/institution				
Relationship between CPMK and Learning Materials and Methods, and Time Allocation		Learning Materials			Learning Methods	Time Allocation
		Understanding Financial Management and Financial Statements			Presentation, Case/Project Based Learning	3x50 minutes
		Financial Ratio Analysis			Presentation, Case/Project Based Learning	3x50 minutes
		Time Value of Money			Presentation, Case/Project Based Learning	3x50 minutes
		Investment Feasibility Analysis			Presentation, Case/Project Based Learning	3x50 minutes
		Investment feasibility analysis			Presentation, Case/Project Based Learning	3x50 minutes
		Risk analysis			Presentation, Case/Project Based Learning	3x50 minutes
		Capital Structure			Presentation, Case/Project Based Learning	3x50 minutes
	Final Exam/Project Task Results/Case Analysis Results					

		Working Capital			Presentation, Case/Project Based Learning		3x50 minutes	
		Cash Management			Presentation, Case/Project Based Learning		3x50 minutes	
		Inventory Management			Presentation, Case/Project Based Learning		3x50 minutes	
		Accounts Receivable Management			Presentation, Case/Project Based Learning		3x50 minutes	
		Operating and Financial Leverage			Presentation, Case/Project Based Learning		3x50 minutes	
		Capital Market and Dividends			Presentation, Case/Project Based Learning		3x50 minutes	
		Capital Market and Dividends			Presentation, Case/Project Based Learning		3x50 minutes	
	Final Exam/Project Task Results/Case Analysis Results							
Learning Method	SCL: Learning Case based learning/Project Based							
Student Learning Experience	Students provide alternative solutions to the various cases given, in accordance with the most appropriate resolution method							
Access to Learning Media/ LMS and Percentage of Offline & Online	Google Classroom Offline: 100%							
Assessment Method and Alignment with CPMK	Technique Assessment	Percentage Assessment	Criteria/ Indicator	CPMK 1	CPMK 2			
	Case based learning/Project based learning	50	Accuracy of students in resolving the case according to the method		V			
	Cognitive							
	Midterm Exam	25	Accuracy of students in answering questions	V				
	Final Exam	25	Accuracy of students in answering questions		V			
	Total	100						
*) can also be obtained from the midterm or final exam, which is the result of participatory activities or the result of project/case study. In accordance with IKU 7, the number percentage of participatory activities and project/case study/PBL results is at least 50%.
