

There is no set cost to participate in the Temple of the Sacred Heart. All are welcome regardless of financial contribution, background, identifiers, race, gender, or music preference. The virtual container is sustained by your donations from the heart and offerings from the community.

Though not required, it is suggested that every meeting one donates something, no matter the size, to sustain the flow of energy for the collective abundance and well-being, and to ensure that the space is open for all who are called. Please give from a genuine place in a way that expresses and amplifies gratitude and a sense of expansion.

Together we rise.

We balance as a whole.

Donations go toward:

- AYAM community platform & operating costs
