

Dear Greater Cincinnati Non-Profit Leader –

My name is Becca Freyhof and I am the Programs Manager for [Magnified Giving](#). Our mission is to educate, inspire and engage youth in service and philanthropy. Founded in 2008 by **Roger Grein**, **Magnified Giving's Student Philanthropy Program** has helped thousands of middle school and high school age youth learn how to become young philanthropists. As a result, many non-profits have gained valuable volunteers, enlightened, and inspired future supporters, and over 900 non-profits have received grants through the hands of the participating youth. To date Magnified Giving has funded nearly \$1.8M back into the community over the past 15 years. Our core values are youth empowerment, collaboration, and empathy. Our key mission is to empower youth to be strong leaders of their community, collaborate with participants and community partners, and demonstrate empathy and compassion to all individuals and to help teach youth to recognize challenges faced by those around them.

Each of the programs participating in Magnified Giving receives \$1,000.00 from our organization to grant back into the community to a social issue and 501c3 of its choice. Adult facilitators help to guide youth through our six-step process of discussion, investigation, advocacy, and connection. Magnified Giving's youth philanthropy program is an educational experience like none other; truly powerful and potentially life changing. The program runs the length of a typical school year so youth will be investigating organizations from Mid-August through May each calendar year.

You are receiving this invitation because an individual or group of youth have identified your organization through their investigation and are interested in learning more about it and the work you are doing within the community. To be eligible to possibly receive a grant you must first register your organization with Magnified Giving. [Access this link to complete the registration form](#) and to learn more about your commitment. The process of registering with Magnified Giving is a simple one and only needs to be submitted one time to be approved to join hundreds of other organizations already vetted by our staff. Feel free to visit our website to inspect the robust list of organizations approved to participate.
<https://mgapprovednonprofits.org/>

Once you are added to our approved agency list you may be contacted by youth working through our program. They may approach you to join them on a phone call, virtually, visit your organization in person and hopefully volunteer. While there is a time commitment when you decide to partner with us in this educational experience, we know it is beneficial to all parties. Magnified Giving is here to support you through this process. At any time if you have questions, concerns, or need to pause the partnership we are here to help. If you would like to learn more about Magnified Giving, please contact me, Becca Freyhof at becca@magnifiedgiving.org.

Sincerely,

Becca Freyhof
Programs Manager
