Section One: Overview

What is the assessment asking you to do?		
What characteristics does an achieved have?	What characteristics does a merit have?	What characteristics does an excellence have?

Section 2: Understanding the question

Write down how Level Three essay questions are different to previous levels	
Write down piece of advice that you would give to your best friend about how to understand an essay question	

Section 3: Going deeper with your understanding

What is the intention of the author? Why did they write this text? What are they trying to teach people and why?	
What other viewpoints could this text be read from? How do they differ to your viewpoint or the author's viewpoint?	

Whose viewpoints are missing and why?	
How has the author used text conventions / language techniques to help get their point across?	
How are the characters symbols for larger ideas in the world around you?	
How good a job has this author done at getting their point across?	

Section 4: Organising your tools

Write down a plan for how you are going to organise yourself for the exam. • What resources do you need? • How are you going to study actively (rather than just read your notes that will put you to sleep and not help you remember stuff)?	**You need to remember quotes, characters / plot / setting, themes and messages, essay connectives and sentence starters.
