

SL: Digital Marketing Potential

My marketing and digital consultant skills should be of interest to a quality and rapidly growing nutritionist like you.

Watching the competence that takes place on social media platforms, I believe that your account has high potential on interactive audience and higher conversion rates.

One of the things that really made a difference for other clients was to experiment with:

- slightly different look on Instagram posts
- implement improvements in their client acquisition
- more accessible - interactive website for the audience

If you are planning on increasing the impact of your business in the digital world, I would really appreciate the opportunity to show how I can help you.

Best regards,

Vasileios Kontinis

P.S. I've made newsletter examples for you.

If you would like to have a look, let me know and I will send them over.
