

Title: Body Tour

Alternative Title: You accidentally see your roommate naked in the shower.

Summary: Emily is taking a shower when suddenly the door opens. It's her roommate whom she's been hanging out with for the last 2 weeks. Amidst the awkward situation and her roommate apologizing for seeing her naked in the shower, Emily takes this as an opportunity to see if her shy roommate feels the same way as her.

[Running Shower]

(Emily Humming a Song)

[Door opening]

Oh, my god! (chuckles) I must've left the door open.

(short pause)

It's okay. Don't worry.

[door closes gently] [turning off the shower] [door opens]

(chuckles) Stop apologizing. Look, right now, I'm in the living room wearing only a towel. So, relax. I know we've only known each other for 2 weeks, but since we've hung out and talked so much I feel like I've known you my whole life. So, I know you didn't open the door on purpose to see me naked.

Yes, what? Yes you opened the door on purpose? (gasp) How dare you? (short pause)

(laughs) I'm just messing with you. You're so tense. (laughs)

Come on. Take both of my hands and let's take a deep breath in (inhale) and out (exhale). That's it. One more time, look into my eyes and take a deep breath in (inhale) and out (exhale). Good. There's no need for you to be nervous or tense with me, okay? We're practically best friends!

Mm-hmm , now, sit here with me [tapping sofa] and tell me. What did you see when you opened the door?

(pause)

Yes, you did. Otherwise, you wouldn't be bouncing your leg and looking at the window beside me. (chuckles)

It's okay. You can tell me. I've been working out and I need some feedback. From one best friend to another, tell

me, what part of my body looks the best naked?

(pause)

Mmm, you like my breasts.

And what about my abs? I've been working hard for them these past couple of months.

(pause)

(soft chuckle) and what else did you love about my body? Tell me. Don't hold back.

(pause)

(chuckles) So, you loved everything you saw. But... If I lean closer to you, would you be able to tell me exactly how much? (sudden passionate kiss)

(chuckles) That's what I thought. (kissing + heavy breathing)

You want me as much as I want you. (kissing + heavy breathing)

(pause)

How did I know? (soft chuckle) When you opened the door your voice began to shake, and after that your eyes seemed to be having trouble maintaining eye contact with me. (kissing)

Was it the shock of the moment, (kiss) or the fact you couldn't stop thinking about how much you would've loved to not have closed that door? (kissing + heavy breathing)

Plus, I could always feel your eyes on me when I wore my PJs. The ones that made nipples show through. I bet you always saw them bounce under my shirt, yearning to see and taste what was underneath. (kissing)

(pause)

No, I swear. I didn't wear those PJs on purpose to torture you. But I have to admit that thanks to that I got to see how you always pretended to be looking everywhere except my nipples (kiss) and the curves of my ass when I wore shorts. (kissing)

(chuckles) You gave me some signs, (kiss) but I wasn't completely sure.

(pause)

Maybe. Maybe I left the bathroom door unlocked on purpose... or maybe I just forgot to lock the door. (chuckles) I don't know. Maybe if I kiss you a little more I might discover which one it is. (kissing + heavy breathing...)

(pause)

Don't worry about the new roommate. He said something about watching a game at the stadium. He won't be here for the next two hours. In the meantime, I should give you a proper tour of my body, don't you think?

(pause)

Good. I'm gonna take this towel out of the way, so you can have a view without interruptions.
[taking off the towel and dropping it on the floor]

Give me your hand. I'll guide it on this tour.

(chuckles) Here. This is my neck. You've seen it before, but now you're tracing it with your fingertips. Take in the warmth and the softness of my skin. MMm, feel your fingers sliding down, all the way to my collar bone. Here they roam from one side to another. Admiring how the golden light from the window shines over me. Making me glow under your touch. Making the drops of water falling from my wet hair look like diamonds that fall where your fingers are. Mmm

Now, if you follow the wet trails of water you'll find your fingers all over my chest and my breasts. (chuckles) Yes, my nipples are getting hard. Look at them so pointy and wet. Mmm, you want them in your mouth, don't you?

(pause)

Too bad. The tour hasn't finished yet. You need to be patient, okay?

(pause)

Good.

I'll move your fingers in circles now to show you the size and texture of my nipples. Yes, just like that. Round and round. Now on the other one. Mmmm. Stop biting your lip. It's not helping me concentrate. (chuckles)

This is my Solar Plexus. From here you can feel the line of my abs that goes all the way down to my navel. Feel it

expand and contract as I breathe. (inhale and exhale) I told you to stop biting your lip. Now I forgot what I was about to say. (sudden kissing) Look at you. And to think that a few minutes ago you swore you didn't want me. (kissing)

Well, since you're so eager I'm going to give you a VIP pass to let your hand go down between my legs. Here you go. (moan...)

Yes, you can play with my nipples. Lick them, suck them, bite them, do whatever you want with them. Don't hold yourself back anymore and show me. Show me how much you've been craving this pussy against your hand. Getting wetter and wetter with each stroke you make.

Have you dreamt about having me like this? 'Cause I have. And in my dreams you would get on your knees, spread my legs and eat my pussy like your life depends on it. (chuckles) Wait? Are you seriously getting on your knees now? I only said it becau—(gasp) Oh! Oh my god! I had no idea you could use your tongue like that. (moan)

Mmm, you love it when I give you instructions, don't you? And I won't lie, I confess that I love giving them. And right now I want you to move your tongue in circles. Yes, that's my girl. Now suck on my clit. Uuh, You're so good at this. Yes. Yes. Aah, my legs are shaking. You're gonna make cum. You're going to make me cum all over your pretty face. Yes. Is that what you want? My cum all over your pretty and horny face? Yes? Then go faster, faster, faster. Ooh, fuck!

[phone notification]

It's the landlady. She wants to know if everything is okay with my stay. (catching her breath)

What should I tell her? Should I tell her how hard you made me cum all over her sofa? (laughs)

(kissing) No, I think I'm gonna tell her how you ruined her sofa with your nails scratching the fabric as I made you cum. (kissing)

Take off your clothes. [clothes falling on the floor]

Lie down on this sofa and spread your legs for me. Uuh, you're so wet. When did you get like this, ha? Just now or when you saw me naked in the shower? Tell me... or else I'm going to move my tongue slowly over your pussy like this. Barely touching your clit until you confess. Mmm, tell me when did you get this wet? (pause) (chuckles) That's what I thought you pretty... little... pervert. If you had know what I felt for you then, would you had fucked me there in the shower?

(pause)

I think you would have. But you didn't know what I felt for you and you didn't want to confess what you felt for me either. Mmm, my poor girl. Who knows how many nights you had to sleep this wet wishing I was there sucking on

your clit like this... and filling you up with my fingers while you moan for more. There is no way I'm going to let you stay quiet anymore. I want to see you move your hips at the rhythm of my tongue. Yes. Let the waves of pleasure take over your body. Your beautiful body that now is mine. Mine to do as I please as long as you agree to a good girl for me and only me. Would you do that for me? Would you be my good girl?

(pause)

Sorry, I did hear you with my head buried between your thighs. Say it louder.

(pause)

Alright, then you need to cum when I tell you to, okay?

God, I love you pretty wet pussy. Dripping all over my mouth. Dripping all over this sofa.

How many times have you touched yourself thinking of me? Tell me.

That much? Oh, you should have told me sooner. I would have taken care of it like this.

I can feel you're getting close, but you can't come without permission, remember? You need to ask me to let you come.

Ask again, louder!

Good Girl. Yes, you can come all over my face.

Now, I'm going to straddle one of your legs to grind my pussy against yours like this. Look at me. Good Girl. You've been such a good girl to me. Ever since we met I knew I wanted to see you like this: laid on your back, legs spread open and your breasts bouncing with every thrust of my hips.

I'm getting close. Come with me.

(catching her breath) I can't believe you were going to keep pretending you weren't into me.

(pause)

Yeah, I thought that too. If I had told you how I felt and you hadn't felt the same way, our friendship wouldn't have

been the same after that. Things would've turned kind of weird, but I'm glad I forgot to lock the door. (laughs)
(Kissing) There was no way we could keep denying this. (Kissing)

And from now on— [door opens]

Oh shit, the new roommate. Let's run to the bathroom. Go,go,go,go.

[grabbing clothes] [running and closing the door]
