## **Assistance:**

If you press the little "book" icon on the top right you can change the windows on the screen: Now choose either

- "single pane" if you want to see the Albanian only
- "two panes" to display the Albanian at the top and the English, or another language of your choice at the bottom
- "verse by verse" to display a verse in Albanian followed by the same verse in one of the other languages of your choice.

- Bookmark and highlight your favorite verses
- When you tap on a verse, an image button is shown on the bottom toolbar. When this button is pressed, the 'Edit image' screen appears. You can choose the background image, move the text around the image, change the font, text size, alignment, format and color. The finished image can be saved to the device and shared with others.

- Friendly user interface with Navigation drawer menu

- Adjustable font size and easy to use interface
