

Instructions: Take notes as you complete the tasks from the blog.

Group Member Names:

Task 1: *Brainstorm*

Our Notes
immigration problem in Mexiko

Task 2: *Definition and Background*

What is it?	
Notes:	
What is the size of the problem?	
Our Ideas and Questions	What evidence do we need to prove this? Where could we look to find the information we need?
- health field - Covid-19 - Employment rate - problems with undocumentation	News and internet
Who is affected?	
Our Ideas and Questions	What evidence do we need to prove this? Where could we look to find the information we need?
the whole country	News and internet

Task 3: *Causes and Effects*

Why does this happen?	
Our Ideas and Questions	What evidence do we need to prove this? Where could we look to find the information we need?
due to lack of stability in neighboring countries	news of the little attention of the health part of the Nicaraguan country
What are the consequences?	
Our Ideas and Questions	What evidence do we need to prove this? Where could we look to find the information we need?

- overpopulation in Costa Rica and additional health and job expenses for immigrants and not people from the country

- news about the country's unemployment rate

Task 4: *Time for Research*

Use this chart to keep your research organized. In the first column write the information you found. In the middle column write how this information is relevant to your project. In the final column include the information about the source: who wrote this, when was it published, where did I find it, etc.?

[illegible]
