Abstract. The abstract should summarize the contents of the paper in short terms, i.e. 150-250 words. All authors should provide their ORCID (optional) and email addresses in the affiliations.

Keywords: First Keyword, Second Keyword, Third Keyword.

1 First Section

1.1 A Subsection Sample

Please note that the first paragraph of a section or subsection is not indented. The first paragraphs that follows a table, figure, equation etc. does not have an indent, either.

Subsequent paragraphs, however, are indented. A maximum of 6 pages is allowed for the full manuscript. Please ensure sufficient interpretation is provided for tables and other visual presentations such as figures within the text. Figures and Tables shall be provided in editable format, as they should appear in the published manuscript

Sample Heading (Third Level). Only two levels of headings should be numbered. Lower level headings remain unnumbered; they are formatted as run-in headings.

Sample Heading (Forth Level). The contribution should contain no more than four levels of headings. The following Table 1 gives a summary of all heading levels.

Table 1. Table captions should be placed above the tables.

Heading level	Example	Font size and style
Title (centered)	Lecture Notes	14 point, bold
1 st -level heading	1 Introduction	12 point, bold
2 nd -level heading	2.1 Printing Area	10 point, bold
3 rd -level heading	Run-in Heading in Bold. Text follows	10 point, bold

Displayed equations are centered and set on a separate line. The Equations shall be produced using Microsoft Equation Editor and provided in editable form in the text.

$$x + 3y = 5z \quad (1)$$

Please try to avoid rasterized images for line-art diagrams and schemas. Whenever possible, use vector graphics instead (see Fig. 1). Figures produced in special software, shall have a high resolution image (600DPI). Authors are responsible for ensuring clear presentation of any numbers or text on such figures prior to acceptance of their manuscript.

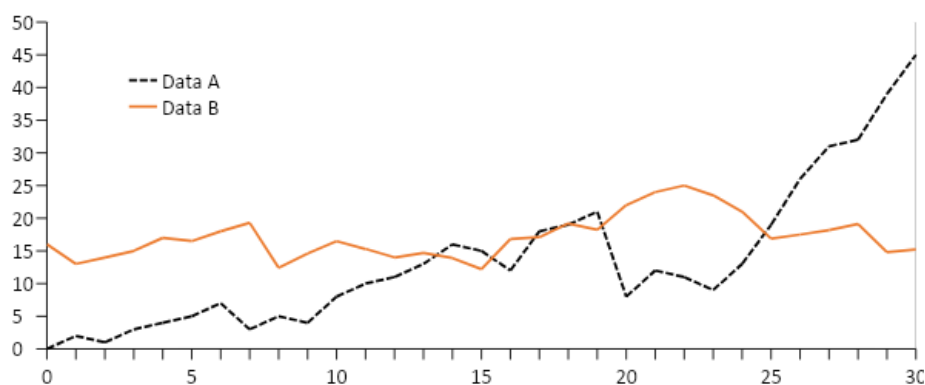

Fig. 1. A figure caption is always placed below the illustration. Short captions are centered, while long ones are justified.

For citations of references, we prefer the use of square brackets and consecutive numbers. Citations using labels or the author/year convention are also acceptable. The following bibliography provides a sample reference list with entries for journal articles [1], a proceeding book chapter [2], a book [3], proceedings without editors [4], as well as a URL [5].

Acknowledgments shall be placed at the end of the main body text, its heading shall be formatted as third level subheading.
