

Dear Panther Families,

I hope this message finds you well. I wanted to share some important information with you regarding the upcoming solar eclipse on Monday, April 8th, 2024.

The solar eclipse will be happening during school hours, starting at 12:48 pm, peaking at 2:05 pm, and concluding after 3:00pm. We are well-prepared and have solar eclipse glasses available for all students to safely enjoy this rare occurrence. These glasses conform to and meet the transmission requirements of ISO 12312-2.

We will have a special viewing event here at school to make this experience memorable for the students. If you have any questions or need further information, please feel free to reach out to your child's teacher.

Thank you for your attention to this matter. Your cooperation and support are greatly appreciated.

Warm regards,

Barry Wright, Principal
Clara Peterson Elementary
